RUEL E. HEYWOOD

BOARD OF PUBLIC WELFARE

To the Honorable Board of Selectmen:

The Welfare Board has been working through a condition that we hoped would show some signs of improvement, but during the last few months has steadily grown worse. Owing to the cold weather setting in, there was not as much outside work to do. People who had saved a little money have been gradually reaching the end, and though very much against their wish, have been forced to ask for assistance. We have tried to administer to each in a fair and impartial manner and without favor.

This department did try to find employment and to furnish work as far as possible. Considerable work was done on the Farm Property, both on buildings and Land, which does show for the work done. It is planned to continue clearing the pastures which will bring results in future years, as well as furnishing employment at this time.

This department is caring for five (5) persons in State Institutions and which will always have to be done as long as they live. They cannot be cared for in any other way. There is one baby that has been given over to State care.

We have distributed a very large amount of fuel and for the most part it has been wood which can be bought at a very low figure, feeling that it was necessary to keep warm during the winter months.

Aid has been rendered to persons living out of town but still have a settlement here.

As near as can be estimated, there is still about \$1,500.00 due on accounts not rendered under this head. This department possibly owes at this time, \$2,500.00 and estimated for the coming year at least \$40,000.00 and

which will cover outstanding bill of \$2,500.00 and \$5,000.00 to care for the Old Age Pension which goes into effect, July 1, 1931. It is expected that 25 or 30 people will be eligible under this law.

Signed,

G. E. EMERSON, Chairman
G. F. RIBERO
JOHN B. HEALEY

REPORT OF THE FOREST FIRE WARDEN

To the Honorable Board of Selectmen:

We were fortunate in not having any fires of size in our own town as the season was a record one for an extended dry period.

But we did have several calls from our neighboring towns for help (they had at some previous time done the same for us).

The Town Fire Patrol law will be in effect this year when the towns are obliged to patrol the outlying districts. We shall need 12 additional pump cans and 500 feet of small hose for use in the woods and I recommend \$1,700.—to include the salary of the Fire Warden.

Respectfully submitted,
GEORGE F. RIBERO,
Forest Fire Warden.

REPORT OF THE SEALER OF WEIGHTS AND MEASURES

To the Honorable Board of Selectmen:

I herewith submit my report as Sealer of Weights and Measures for the year ending, December 31, 1930.

	Sealed	Adjusted	Not Sealed	Con- demned
Platform over 5000 lbs.	6	0	0	0
Platform under 5000 lbs.	19	1	0	0
Counter 100 lbs. or over	3	0	0	0
Counter under 100 lbs.	29	3	0	0
Beam 100 lbs. or over	3	0	0	0
Spring 100 lbs. or over	6	0	0	0
Spring under 100 lbs.	47	13	0	0
Computing under 100 lbs.	41	1	6	0
Personal Weighing (slot)	2	0	1	0
Avoirdupois weights	28	0	0	0
Apothecary weights	45	0	0	0
Liquid Measures	2	0	0	0
Gasoline Pumps	42	0	0	0
Quan. Meas. on Pumps	210	10	0	0
Tapes	1	0	0	0

Sealing Fees collected and turned into the Town
Treasurer \$57.78

Respectfully submitted,
GEORGE M. McMILLAN,
Sealer of Weights & Measures.

Budget for Sealers' Department for 1931

Estimate for supplies	\$10.00
Estimate for cartage	40.00
Salary of Sealer	300.00
Total	\$350.00

REPORT OF COMMITTEE—

**to devise a public parking ground or do anything
relating thereto.**

In accordance with Article 41 in the Warrant for the annual town meeting held February 11, 1930, your committee have considered various locations for such a parking place, among which are the J. F. Ray lot at the corner of Main and Emmons Streets. This lot contains approximately 9,600 square feet with 95 feet frontage on Main Street and a 112 foot frontage on Emmons Street and is assessed for \$5,000.

We are informed that there is a lot on Summer Street belonging to the Morse Estate which could be made available for such use but would require a large amount of filling and grading before it could be put into condition for parking purposes.

The Elmer Fisher property on West Central Street now occupied by Locke Lumber Co. has also been considered. This is a large area and appears much larger than would be needed. This property is assessed for \$16,550.

Another idea has been considered, which is to widen Main Street on both sides from Dean Avenue to Emmons Street by taking 10 or 12 feet of land from the Y. M. C. A. and the J. G. Ray estate property on the northerly side and about three feet from the sidewalk in front of the A. C. Mason property with 12 to 14 feet from the J. F. Ray lot on the southerly side.

The distance from Dean Avenue to Emmons Street is approximately 250 feet and with this layout, Main Street between Dean Avenue and Emmons Street would be 80 feet wide which would allow angular parking on both sides and permit over 50 cars being parked at one time in this space.

This, with other present parking space on Emmons Street, Dean Avenue and other parts of Main Street appears to your committee to be sufficient for many years to come, and would not only afford convenient parking space but would widen our Main Street and improve traffic conditions.

CHARLES H. LAWRENCE.
ALBERT C. MASON
JOHN M. CROWLEY

ANNUAL REPORT OF THE CHIEF OF POLICE

Franklin, Mass., January 17, 1931.

To the Honorable Board of Selectmen:

As Chief of Police I hereby submit the report of my department for the year ending December 31, 1930:

Arrests made for:

Violation of automobile laws	20
Drunkenness	20
Non-support	6

Default	1
Assault and battery	1
Disturbing the peace	1
Selling mortgaged property	1

Driving under the influence of liquor	1
Keeping and exposing	1
Estimate for 1931 — \$10,700.	

FREEMAN G. KNOWLTON,

Chief of Police.

ANNUAL REPORT OF LOCK-UP KEEPER

Franklin, Mass., January 17, 1931.

To the Honorable Board of Selectmen:

As Lock-up Keeper I beg to submit the report of confinement in the lock-up for the year ending December 31, 1930.

Drunkenness	20
Vagrancy	4
Non-support	3
Violation of automobile laws	3
Adultery	2
Larceny	2
Transporting liquor	2
Abduction	1
Default	1
Manufacturing liquor	1
Bastardy	1
Driving under the influence of liquor	1
Keeping and exposing liquor	1

Respectfully submitted,

DENNIS J. FEELEY,

Lock-up Keeper.

ANNUAL REPORT OF BOARD OF FIRE ENGINEERS

To the honorable board of Selectmen:

Your fire department have responded to 24 box and 47 still alarms during the year 1930.

We also gave mutual aid to the towns of Norfolk, Medway and Wrentham.

We have purchased 400 feet of 1½ inch new hose this year.

The fire station, alarm system and trucks are in good condition with the exception of the old service truck which should be junked.

The chemical tanks on the Dodge truck (Comb. A.) are old and worn out and should be replaced and we recommend that the Dodge truck be outfitted for forest fire service.

We recommend the sum of \$9,000.00 for expenses for the year 1931 and in addition the sum of \$7,000.00 to purchase a new 500 gal. pumping engine and \$1,000.00 to equip the Dodge truck for forest fire service.

Respectfully submitted,
LESLIE S. WIGGIN,
GEORGE F. RIBERO
WILLIAM J. DAVIS.

EDWARD S. COOK,

HARRY J. GEB,

A. HARRY SIMON,

Selectmen of Franklin.

January 15, 1931.

ANNUAL REPORT OF THE BOARD OF HEALTH

To the Citizens of the Town of Franklin:

During the year ending December 31st, 1930, there has been reported to the Board of Health 135 cases of

communicable diseases as follows:

Chicken Pox	12
Diphtheria	2
German Measles	48
Lobar Pneumonia	4
Malaria	1
Measles	6
Mumps	28
Scarlet Fever	2
Tuberculosis	7
Whooping Cough	15
Gonorrhea	4
Syphilis	2
Dog Bite	4
	<hr/>
	135

As the above list shows, we have had an unusually small number of contagious diseases during the past year.

The Board of Health requests the sum of \$2,200.00 for the ensuing year.

Respectfully submitted,

JOHN M. CROWLEY, M. D., Chairman

CHARLES B. HUSSEY, M. D.

GEORGE I. PECK, Secretary.

Board of Health Budget for 1931

Estimate for aid	\$1,072.00
Estimate for salary	1,000.00
Estimate for Vital statistics	45.00
Estimate for office expenditures	83.00
	<hr/>
	\$2,200.00

REPORT OF AGENT OF THE BOARD OF HEALTH

Inspector of Slaughtering, Dairy and Milk Inspector

To the Board of Health of the Town of Franklin:

I hereby submit my report of the above mentioned offices for the year ending December 31st, 1930.

Quarantined two cases of Diphtheria and two cases of Scarlet Fever.

Total number of rooms fumigated from all causes, 30.

On sanitary inspection the following nuisances were ordered abated:

Scources of filth in dwellings	18
Scources of filth in stores	5
Scources of filth in yards	11
Vaults ordered cleaned and repaired	8
Vaults condemned	1
Cesspools ordered installed off sewer lines	2
Repairs to plumbing system ordered	3
Violation of bakery laws, ordered abated	15
Dogs ordered quarantined	4

As Dairy and Milk Inspector, have made seven sediment tests of milk and found all seven clean. One Milk Producer's permit revoked. Issued the following licenses and permits, collected fees and other funds due the department and remitted the same to the Town Treasurer:

37 Milk licenses at 50¢	\$18.50
8 Oleomargerine licenses at 50¢	4.00
18 Alcohol licenses at \$1.00	18.00
5 Garbage permits at \$1.00	5.00
1 Ice Cream M'f'g. License at \$1.00	1.00
5 Manicuring licenses at 50¢	2.50

1 Pasteurization license at \$10.00	10.00
2 Undertakers' licenses at \$1.00	2.00
1 Milk Producers permit of no charge	
For sale of candles	.81
Received State T. B. Subsidy	260.71
	<hr/>
	\$322.52

Respectfully submitted,

RUSS W. HARDING,

Agent and Inspector.

BERNARD W. McCABE,

Acting Agent and Inspector.

ANNUAL REPORT OF SUPERINTENDENT OF THE TOWN INFIRMARY

To the Honorable Board of Selectmen:

The local Infirmary has now 12 inmates and during the last year all of the rooms have been in use. Three of the inmates are paying some part of their expense.

Owing to the call for assistance from men out of work during this last year, your Board, feeling that it was far better to furnish employment, and do repairs and paint all the buildings, at the Farm, so that at this time it does present a very attractive appearance.

Along the walls and in the pasture is being cleared away and the ditches opened and the walls and fences repaired. About 75 or 100 cords of wood has been cut and is being prepared for delivery. All the work that has so far been done is by men who would have had to be helped to some extent, and they appreciate the chance to help themselves.

The Farm team has delivered 100 cords of wood from other lots that was purchased by your Board.

The receipts for the year was \$1,351.00 which did include the sale of vegetables, eggs and poultry, and the money received for the board of inmates.

Respectfully submitted,

W. A. ADAMS,
Supt. of Town Infirmary.

ANNUAL REPORT OF THE TREE WARDEN

To the Honorable Board of Selectmen:

The annual Tree Trimming Report for the year 1930:
Appropriation \$800.00, expenditures \$790.20, balance \$9.80.

We have done very little trimming as the money has been used for the removing of trees.

We have removed 52 trees and have trimmed 150 and also planted 160 trees for the community.

There now is need for a lot of trimming, especially dead wood and I also hope the town will appropriate more money for the planting of trees. I recommend the trees be planted inside the Property Line instead of the Curb.

I remain yours respectfully,

JOHN W. STOBART,
Tree Warden.

ANNUAL REPORT OF THE SUPERINTENDENT OF MOTH EXTERMINATION

To the Honorable Board of Selectmen:

My annual report for the Gypsy, and Brown Tail Moth extermination:

Appropriation \$1,200.00, expended \$1,190.00 with a balance of \$10.00.

While the Gypsy Moth is on the decline, the Brown Tail Moth is increasing. We sprayed over 700 town trees and cut 970. I sent one box of Brown Tail Moths to the Melrose State Bureau for examination.

The Town proper is fairly clean, but the outskirts are bad. Bought one barrel of Creosote and 15 hundred pounds of Lead.

My sprayer is about played out after 9 years of good service.

I remain yours respectfully,

JOHN W. STOBART,
Local Superintendent.

REPORT OF THE FRANKLIN LIBRARY ASSOCIATION

With the exception of July and August, the Franklin Public Library was open as usual from 2 to 5:30 P. M.

and 7 to 9 P. M. daily except on Sundays and holidays. For July and August, instead of the usual month's closing, the library was open Thursday, Friday, and Saturday of each week from 3 to 5 P. M. and 7 to 9 P. M. This change was appreciated by the regular patrons of the library.

For the year, the number of people borrowing books was 1453, an increase of 136 over last year. The number of books drawn was 17281, an increase of 1977 over last year. Fines and payment for lost books amounted to \$75.97.

Two hundred and eighteen (218) books were added to the library this year, 204 by purchase and 14 by donation. Fourteen (14) pamphlets and nine (9) bound volumes were received from the United States Government, State of Massachusetts, and other publishers.

The following gifts have been made to the Reading Room for the year: **General Federation Bulletin** from the Alden Club; **Our Dumb Animals** from the S. P. C. A.; **Columbia** from the Knights of Columbus; **Christian Leader** from a friend; **American Issue** from the W. C. T. U.; **Franklin Sentinel**; **Common Ground World of Tomorrow**, **How to Sell**, **Specialty Salesman** and **American Poultryman** from publishers and various other sources. From the United States Commerce Department come weekly pamphlets and leaflets on aviation.

The Directors of the Franklin Library Association respectfully recommend an appropriation of \$2,000.00 to assist in defraying the necessary expenses of the Library for the year 1931.

ALICE WIGGIN

By order of Board of Directors.

Children's Room

Although the Children's Room is entirely supported by private funds, the following report may be interest-

ing as showing how near the Children's Room comes to the circulation of books in the Franklin Public Library, and therefore how valuable it is to the youth of the town.

Number of books taken out during the year	12,367
Number of new borrowers	215
Books added, including bound magazines	158
Gifts	9

ALICE WIGGIN

Clerk, Franklin Library Assoc.

REPORT OF THE HIGHWAY DEPARTMENT

To the Honorable Board of Selectmen:

I have the honor to submit the following report of the Highway Department for the year ending, December 31, 1930.

Maintenance of Country Roads

The usual amount of repairing has been done on the roads this year. In the spring most all outside roads were scraped and waterways opened and put in fair condition.

Total cost for gas, oil and labor, \$700.00

Snow Removal

Pay Rolls	\$1,000.00
George McQuestion, side walk plow	186.00

**ANNUAL REPORT OF THE BOARD OF
SELECTMEN**

To the Voters of the Town of Franklin:

The Board of Selectmen, elected to serve the Town for 1930, organized by electing Edward S. Cook, Chairman. Harry J. Geb was given charge of the Highway Department and A. Harry Simon the supervision of the Town Hall. Herbert C. Stewart was elected Clerk of the Board.

During the past year a number of matters have come before the Board that were of vital importance to the community, of which probably the unemployment situation predominated. At the suggestion of the Governor, we appointed an Unemployment Committee consisting

of Walter E. Mitchell, Chairman; Harlan R. Mackenzie, Mrs. Agnes Dana, Miss Ann Callahan, and Robert Doherty. This committee have worked earnestly and intelligently to do as much as possibly could be done to relieve the situation. That their labors have not been wasted has been proven many times. The thanks of this Board of Selectmen in behalf of our Town is hereby extended to them.

Because the unemployment situation has affected all of the town departments we feel that credit should be given to the Welfare Board for the intelligent work that they have done during the past year. While there may have been isolated cases where undeserving people received aid, we feel that in the vast majority of cases, the need has been evident and that they have investigated most carefully all requests for aid. To help the situation the Road Department has at all times, in the construction of roads, hired as many men as possible, alternating the days so as to distribute among as large a number as possible, what money was available.

The Town Barn has been entirely renovated and painted, cement floors have been made, sliding doors built on the sides, partitions removed, new heater installed, ceiling recovered, and the outside painted, all the labor being done by the so-called unemployed.

Other additional work to relieve the situation was the building of cement curbing on McCarthy Street, gravel sidewalks on Lincoln Street, heavy substantial cement fence on the Medway bridge and the cutting of brush on all streets. Granolithic sidewalks have been laid in many locations, the abutters paying half the expense. This has been a decided improvement to the Town, especially on Garfield and Ruggles Streets.

More than six and five-eighths miles of permanent road was constructed by the Highway Department, of which five-eighths of a mile was constructed by the Town on Summer Street under Chapter 90 appropriation. In addition to this, there was constructed, by Hagan & Thibodeau, 1 $\frac{2}{5}$ miles on Oak Street, making a total of

eight miles of permanent road. This we believe is the largest program of road construction ever accomplished in one year by the Town of Franklin. Following is the amount of money spent by the department for labor:

Road Department Labor\$19,963.09
Tarvia, Labor 3,857.43
Common, Labor 500.00
Summer Street, Labor 5,263.84
	<hr/>
	\$29,584.36

The Board have met a number of times with Mr. A. B. Chilson regarding the condition of Charlotte Avenue and with his consent and approval, work has been done on this road and drainage completed under the supervision of the Superintendent of the Streets, and paid for by Mr. Chilson. During the coming year cement sidewalks will be laid and what was once an unsatisfactory condition will be decidedly improved.

Pursuant to the vote of the town in accepting Cook and Keogh Streets, these two streets have been constructed and are now in good condition.

The shrubs on the triangle in Church Square have been removed to overcome the danger hazard, and with the plans that the Selectmen have in mind for this year, they believe this square will be considerably beautified.

Very much needed work has been done on the Town Hall and we believe up to date, it is in very good condition with the exception of the need of shingling, which should be done this year.

Both the Police and Fire Departments have in the past worked most faithfully for the Town's interest and we believe that the Firemen should be given the slight increase in wages that they are asking for.

We believe that the Town should do something in the very near future in regard to "Stop-and-Go" signals, particularly at the Four Corners, High School Corner, and Pleasant and Main intersection.

A committee should be appointed to investigate at once the erection of a Municipal and Court Building and we are recommending that this committee report at a very early date.

The Board of Selectmen have met several times with the officials of the N. Y., N. H. & H. Railroad Company in regards to a cement bridge in the center of the town, and we have been promised that when conditions improve, that this matter will be given very serious consideration.

A committee consisting of Albert C. Mason, Chairman, William H. Golding and Robert H. Sewell were appointed to appraise all town property for the purpose of equitable insurance. This committee investigated the matter very thoroughly and made a most comprehensive report, and the Board of Selectmen extend to them their thanks.

During the past year Franklin has lost two of its most able and loyal citizens and to the families of Harry T. Hayward and Bradley M. Rockwood, the Board of Selectmen, in behalf of the citizens of our Town, extend their sympathy.

(Signed)

EDWARD S. COOK, Chairman

HARRY J. GEB

Selectmen of Franklin.

Dated January 26, 1931.

ANNUAL REPORT OF THE TOWN PLANNING BOARD

To the Honorable Board of Selectmen:

The Town Planning Board herewith submits its sixth annual report:

Accumulated income from the Fletcher Fund now amounts to \$4638.67 and we recommend that \$500 of this amount be appropriated this year for the further planting of shade trees.

During 1930 there was planted, under the direction of the Tree Warden, 164 Norway Maples, as follows:

East Central Street	40 trees
West Central Street	20 "
High Street	4 "
Marvin Avenue	67 "
Union Street	12 "
Geb Street	13 "
West Central, near High School	8 "

Meetings were held by the Planning Board when it was necessary to decide zoning regulations.

Respectfully submitted,

HARRY J. GEB, Chairman
DONALD B. DOE
RUEL E. HEYWOOD
ARTHUR W. PEIRCE
LESLIE H. WARE

REPORT OF PLAYGROUND COMMITTEE

To the Honorable Board of Selectmen:

At the last annual Town Meeting a Play Ground Committee was appointed consisting of one member from the Board of Selectmen and one member from the School Committee. These two members to appoint three additional members. Agreeable to this vote, the School Committee appointed Dr. Carl E. Richardson and the Board of Selectmen appointed Harry J. Geb.

Because of the offer of a tract of land by Fred P. Chapman and Jacob F. Geb, and which will be voted on at the Annual Town Meeting in 1931, it was felt that the Playground Committee could do nothing in 1930. The offer of this land has accomplished all that the committee could desire for the present. If the town accepts this land, money should be appropriated from the Fletcher Fund for the construction and equipment of the playground.

If the construction work is completed before fall, an instructor should be engaged and we recommend that the town appropriate \$600.00 for this purpose.

We also recommend that this committee be discharged and a new committee be appointed to consist of one member from the Board of Selectmen, one member from the School Committee, and these two members to appoint three more members.

Respectfully submitted,

HARRY J. GEB

DR. CARL E. RICHARDSON

WARRANT FOR THE ANNUAL TOWN MEETING

February 10, 1931.

COMMONWEALTH OF MASSACHUSETTS

Norfolk, ss.

To either of the Constables of the Town of Franklin in the County of Norfolk.

Greetings:

You are hereby required in the name of the Commonwealth of Massachusetts to notify and warn the qualified voters of the said Town of Franklin to assemble in their Town Hall, on Tuesday, the tenth day of February, A. D. 1931, it being the second Tuesday in said February, at six o'clock in the forenoon, then and there to act on the following articles, viz:—

Article 1. To choose by ballot the following Town officers, viz: — A Moderator, three Selectmen, a Town Clerk, a Town Treasurer, a Collector of Taxes, an Auditor, three members of the Board of Public Welfare, a Tree Warden, three Constables, all for the term of one year; one Assessor of Taxes for the term of three years, one member of the Board of Health for the term of three years, one member of the School Committee for the term of three years, one member of the Water and Sewer Commissioners for the term of three years, one member of the Water and Sewer Commissioners for the term of one year, two members of the Town Planning Board for the term of three years.

Article 2. To choose all other necessary Town Officers.

Article 3. To see if the Town will authorize the Treasurer, with the approval of the Selectmen, to borrow during the current municipal year, beginning January 1st, 1931, in anticipation of the revenue for said year, such sums of money as may be necessary to meet the current expenses of the Town, giving a note or notes in the name of the Town.

Article 4. To hear a report of the Town Officers and Committees and act thereon.

Article 5. To see what sum of money the Town will appropriate and raise for the following purposes, to wit:

1. For General Government, including the compensation and expense of the Selectmen, Auditor, Collector of Taxes, Assessors of Taxes, Town Clerk, also for Elections and Registrations, Town Hall and other Finance Accounts.
2. For Protection of Persons and Property, including the Payment of Police and Suppression of Illegal Liquor Traffic, Support of the Fire Department, Sealing of Weights and Measures, Extermination of Gypsy Moths, Etc., Trimming of Shade Trees and for Prevention and Suppression of Forest Fires.
3. For Health and Sanitation, including expenses of the Board of Health, Inspection of School Children, Inspection of Animals, Inspection of Meats and Provisions, Construction and Maintenance of Sewers and Sewer Beds.
4. For Highways and Bridges, including construction and repairs of Roads, Bridges, Sidewalks, Street Lighting, Street Sprinkling, and all other highway expenses.
5. For Public Charities, including compensation and expenses of the Board of Public Welfare, expenses at the Almshouse, and for aid to Outside Poor, and Old Age Pensions.

6. For Soldiers' Benefits, including State Aid, Soldiers' Relief and Soldiers' Burials.
7. For Education, including all the expenses of the School Committee.
8. For the Franklin Public Library.
9. For the Improvement of the Commons.
10. For Unclassified Accounts, including the Decoration of Soldiers' Graves, Printing of the Town Report.
11. For the Maintenance and Operation of the Water Department, including the compensation of the Water Commissioners.
12. For the Payment of Interest on Town Debts.
13. For the Payment of Municipal Indebtedness.

Article 6. To see if the Town will vote to transfer the amount of \$32.15 in the 1929 Overlay reserve fund to the special reserve fund to be used for extraordinary or unforeseen expenses.

Article 7. To see if the Town will vote to use the interest of the Lucretia Pond Fund not otherwise provided for, for the care of Town Cemeteries, to be expended under the direction of the Selectmen.

Article 8. To see if the Town will vote to appropriate the Dog License money received for the present year, for the support of Schools or the Public Library.

Article 9. To see if the Town will raise and appropriate the sum of \$200.00 for the care and improvement of the Union Street Cemetery, to be expended under the direction of the Selectmen.

Article 10. To see what action the Town will take relative to joining with the Massachusetts Department of Public Works and the Norfolk County Commissioners in the repair and improvement of Pond Street; appropriate and raise the sum of \$6000.00 therefor, or do anything relating thereto.

Article 11. To see if the Town will vote to raise and appropriate the sum of seven hundred eighty-three dollars (\$783.) to pay land damages caused by relocating Pond Street, or do anything relating thereto.

Article 12. To see what action the Town will take relative to joining with the Massachusetts Department of Public Works and the Norfolk County Commissioners in the repair of Summer Street; appropriate and raise the sum of \$4000.00 therefor, or do anything relating thereto.

Article 13. To see if the Town will vote to raise and appropriate the sum of one hundred thirty-one dollars (\$131.) to pay land damages caused by relocating Summer Street, or do anything relating thereto.

Article 14. To see if the Town will accept as a public way the way known as Alpine Row extending from Alpine Place to East Central Street, or do anything relating thereto.

Article 15. To see if the Town will vote to change the name of that portion of Alpine Street extending from its intersection with Dean Avenue to its intersection with Pleasant Street and that said portion shall be named and hereafter be known as Hillside Road, or do anything relating thereto.

Article 16. To see if the Town will vote to definitely determine the name of the Town Highway extending from the intersection of Pleasant Street to its intersection with Lincoln Street, now variously known as Moore Avenue, Alpine Street, Alpine Street North End, or Alpine Street Extension, and that said Town Highway shall be named and hereafter be known as Moore Avenue, or do anything relating thereto.

Article 17. To see if the Town will vote to accept as a public way the private way commonly known as Alpine Street Extension and named Alpine Street on a plan entitled Pinehurst-Plat prepared by Goff and Schofield, Engineers, dated March 1911, and that said way shall be named and hereafter known as Pinehurst Street, raise

and appropriate money therefor, or do anything relating thereto.

Article 18. To see if the Town will vote to raise and appropriate money to install one street light on Stubbs Street, or do anything relating thereto.

Article 19. To see if the Town will vote to raise and appropriate money to install ten street lights on Chestnut Street, or do anything relating thereto.

Article 20. To see if the Town will appropriate the sum of two hundred (\$200.) dollars for the purchase of an Inhalator or Pulmotor, to be purchased under the direction of the Board of Health, to be kept at the Central Fire Station, or do anything relating thereto.

Article 21. To see if the Town will vote to accept a parcel of land situated between Peck and Wachussetts Streets as described in deed dated January 22, 1931 from Jacob F. Geb and Fred P. Chapman to the Town of Franklin for the purposes as set forth in said deed and that it shall be known as "Fletcher Field," or do anything relating thereto.

Article 22. To see if the Town will vote to use "Fletcher Field" as a Playground and Recreation Field or do anything relating thereto.

Article 23. To see if the Town will vote to authorize the appointment of a Playground and Recreation Committee to consist of five members; — one of whom shall be appointed by the Selectmen, one by the School Committee, these two to appoint the remaining three.

Article 24. To see if the Town will vote to raise and appropriate the sum of \$4000.00 from the income of the Fletcher Fund for the construction and equipment of a playground and recreational field on "Fletcher Field" to be expended under the direction of the Playground and Recreation Committee.

Article 25. To see if the Town will vote to raise and appropriate the sum of \$600.00 for maintenance and

supervision of the Fletcher Field Playground to be expended under the direction of the Playground and Recreation Committee.

Article 26. To see if the Town will vote to appoint a committee to investigate and report on the advisability of constructing a Municipal Building and Court House.

Article 27. To see if the Town will vote to raise and appropriate a sum of money for the construction and original equipment of an addition or additions to the Horace Mann School Building, and to authorize the Treasurer, with the approval of the Selectmen, to borrow such sums as may be allowed by law under authority of Chapter 44 of the General Laws, or to take any action relative thereto.

Article 28. To see if the Town will provide for a building committee with authority to construct and equip an addition or additions to the Horace Mann School Building, or to take any action relative thereto.

Article 29. To see if the Town will vote to appropriate the sum of two thousand dollars (\$2000.00), for the purpose of installing in the Town-Building on East Street, known as G. A. R. Hall, — proper heating equipment, and sanitary toilets; also repair of electric switch-board; or to take any other action relative thereto.

Article 30. To see if the Town will vote to fix the salaries of the Firemen, or do anything relating thereto.

Article 31. To see if the Town will raise and appropriate the sum of \$5000.00 to be expended by the Selectmen in the construction of granolithic sidewalks, the abutters shall pay one-half of the cost of the construction of all granolithic sidewalks, said money from abutters shall revert to Excess and Deficiency fund, or do anything relating thereto.

Article 32. To see if the Town will vote to appoint a committee to study ways and means by which the industrial and residential expansion of the Town may be advanced and the local unemployment situation may be

relieved, and instruct the said committee to make a report of its findings in writing to the Board of Selectmen within thirty days from the day of appointment, or do anything relating thereto.

Article 33. To see if the Town will vote to appropriate the sum of \$500.00 for the purpose of advertising the Town's advantages and available opportunities, to thus invite and attract additional industrial activities to the Town. The said sum to be expended under the direction of the Board of Selectmen, in conjunction and with the co-operation of the Industrial Committee of the Franklin Business Association, which is planning such a movement, or do anything relating thereto.

Article 34. To see if the Town will vote to instruct the Selectmen to secure and erect at the main entrances to the Town substantial and attractive signs, welcoming the traveling public to Franklin, or do anything relating thereto.

Article 35. To see if the Town will vote to expend \$500.00 from the income of the Fletcher Fund for planting new Shade Trees, to be expended under the direction of the Town Planning Board, or to do anything relating thereto.

Article 36. To see if the Town will vote to expend \$500.00 for shingling the Town Hall or do anything relating thereto.

Article 37. To see if the Town will vote to authorize the Selectmen to sell a lot of land on Union Street acquired by tax title July 14, 1917 from Albert D. Nason, Estate and bounded as follows: West on Union Street 30 feet, North on land of Kenney 180 feet, East on land of Nason Estate 30 feet, then South on land of Spera 180 feet, or do anything relating thereto.

And you are directed to serve this warrant by posting attested copies thereof, seven days at least before the time of meeting as directed by the vote of the Town.

Hereof fail not and make due return of this warrant, with your doings thereon, at the time and place of meeting.

Given under our hands this Twenty-sixth day of January; A. D. 1931.

EDWARD S. COOK,
HARRY J. GEB,
A. HARRY SIMON,
Selectmen of Franklin.

ANNUAL REPORT
of the
**Board of Water and Sewer
Commissioners**
of the
Town of Franklin, Mass.

For the Year ending December 31

1930

ANNUAL REPORT OF THE BOARD OF WATER & SEWER COMMISSIONERS

To the Honorable Board of Selectmen :

It is with the deepest sympathy that we mourn the loss of our Chairman and co-worker, Mr. Bradley M. Rockwood who held the highest office in the department since it was purchased in the year 1907, nearly a quarter of a century. His services in the department, as well as in the town in general will be greatly missed by all who came in contact with him. His knowledge of town affairs, freedom of giving advice and never failing even disposition will never be forgotten.

During the year the department was operated practically under the same method, but we did not make such extensive improvements as in some previous years. Although the past summer was the dryest in the history of the department, we had an ample supply of water for all consumers and we did not make any restrictions in regard to the amount of water to be used. Several towns in Massachusetts made some restrictions regarding the use of water. Thousands of gallons of water were furnished by the department and carried to the out-lying districts of the town. This is something that was never done before, since the works were installed in the year 1884.

Extensions of cast iron pipe and renewals of the old cement lined pipe were made as usual as far as our funds would permit. It is the intention of the department to make further extensions and to also renew the old pipe from time to time as the Board deems worthy of consideration, with our available finances.

Four new 30' tile wells were connected to the suction main during the summer. The department will add more wells from time to time as the consumption increases.

Water Mains

The main on Maple Street was extended with 2500' of 6" pipe, serving five more water takers and one or two more are expected to be connected in the spring. This was the only new extension made during the year.

There were 300' of 6" cement lined pipe on Ruggles Street replaced with 6" cast iron pipe, 1100' of 4" cement lined pipe on Wachusett Street replaced with 6" cast iron pipe and 700' of 6" cement lined pipe on Alpine Street replaced with 8" cast iron pipe. There are several streets now having the old cement lined pipe that the Board intends to replace with cast iron pipe as soon as convenient.

During the year there were three breaks in the cement lined pipe, two of these being at the corner of Union and Cottage Streets and one on West Street.

Hydrants

Five hydrants were connected to the system, making 186 in all at the end of the year. Several of the hydrants were damaged by automobiles. Early in the spring all hydrants were painted and in November they were tested and put in good condition for the winter months. One extra hydrant was installed on Alpine Street and four on Maple Street.

Water Services

There were 13 new services connected to the mains, making a total of 1362 at the end of the year. All services where the cement lined pipe was replaced with cast iron pipe, were renewed with 1¼ inch cement lined wrought iron pipe from the water main to the street line of the property and in several cases from the main to the cellar wall, these being paid for by the consumer.

On account of having trouble several times with the motor on the centrifugal pump at the Pumping Station, the Board decided to purchase a spare motor. By doing this the motors can be changed at short notice

without practically any interruption in the pumping. The old motor will be rewound after the new one is put in operation.

During the year the total amount of water pumped, shown by the venturi meter was 174,450,152 gallons. The largest amount pumped in any one month was in September when 17,376,000 gallons were pumped. The largest amount pumped in any one day was on September 30th. when 932,000 gallons were pumped.

WATER ANALYSIS BY THE DEPARTMENT OF PUBLIC HEALTH

On February 18, 1930.

Parts in 100,000

Residue on Evaporation	5.90
Free Ammonia	.0004
Albumenoids	.0006
Chlorine	.533
Nit. as Nitrates	.0100
Nit. as Nitrites	.0001
Hardness	2.0
Iron	.006
Color	None

Rainfall for 1930.

Jan. 2.88; Feb. 2.27; March 3.78; April 1.97; May 2.36;
June 2.12; July 3.40; Aug. 1.63; Sept. .53; Oct. 4.04; Nov.
3.52; Dec. 2.66.

Total for the year	31.16 inches
Normal for the year	40.14 inches
Rainfall below normal	8.98 inches
Elevation above sea level	240 feet

We recommend the appropriation of NINE THOUSAND TWO HUNDRED dollars (\$9,200.00) for the

maintenance and operation of the Water Department, including the compensation of the Water Commissioners, and in addition thereto, the unexpended balance in the treasury of the department, together with the receipts of the Water Department.

Sewers and Sewer Beds

The sewer mains were flushed several times during the year and the entire system was operating satisfactorily. No new main sewers were constructed during the year. Seven new connections were made and several of the old ones were cleaned and repaired.

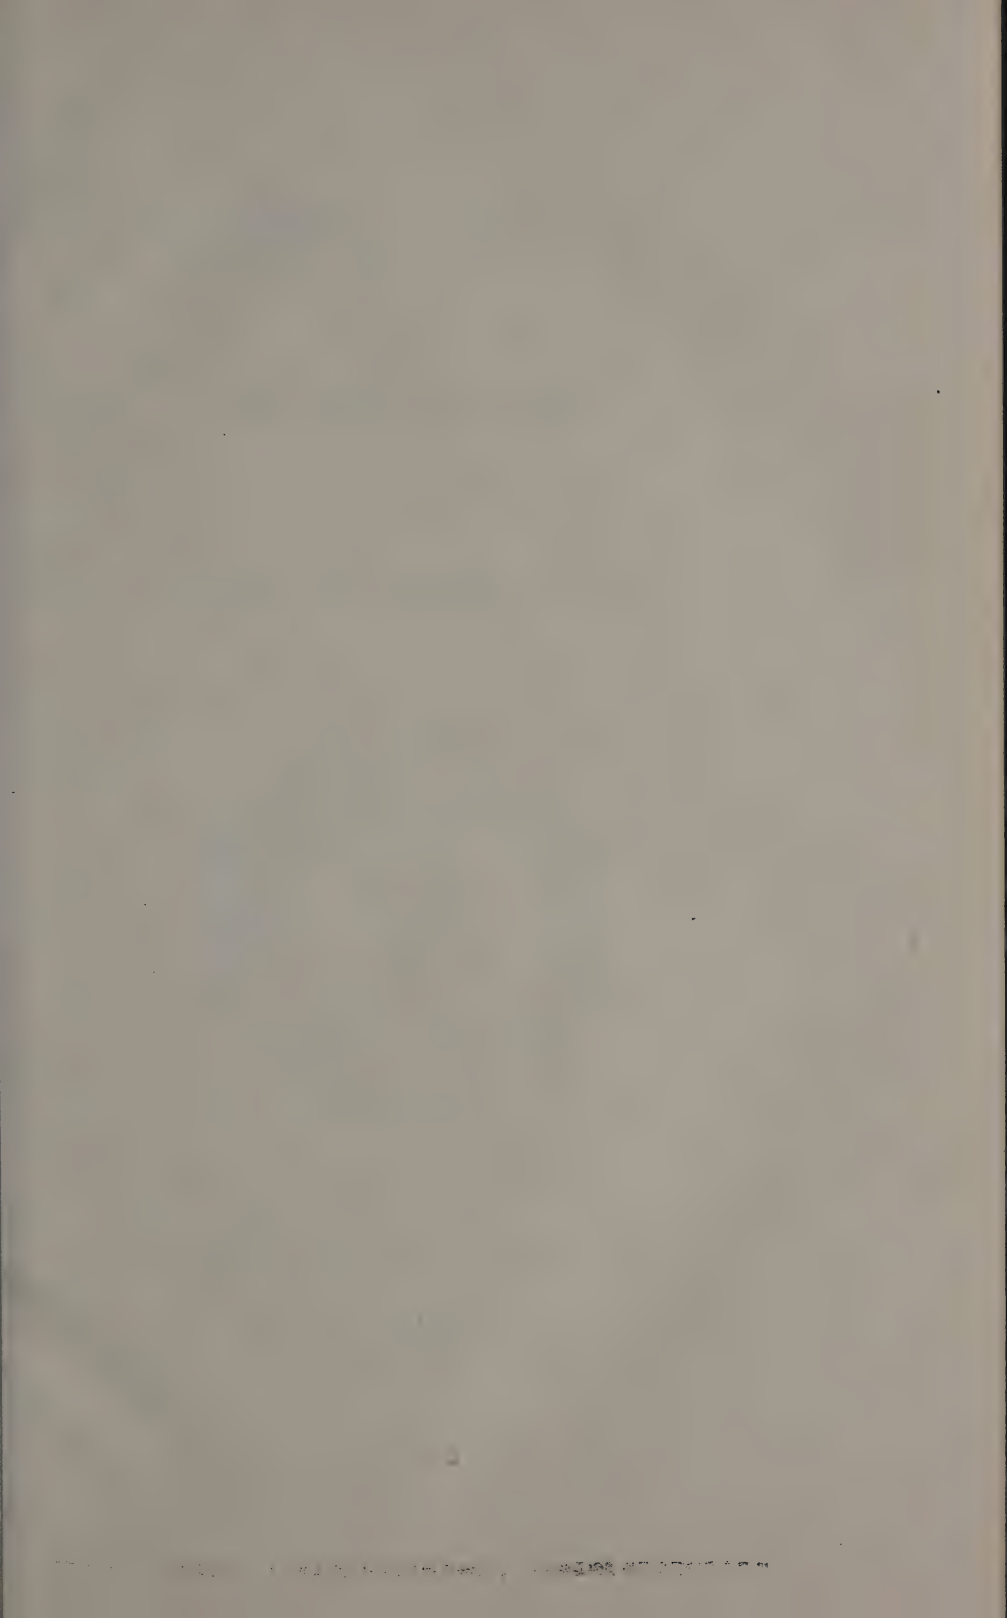

The Mine Brook sewer beds are operating as well as for several years in the past and no work was done other than the regular loosening of the surface and the cleaning off of the accumulated sludge.

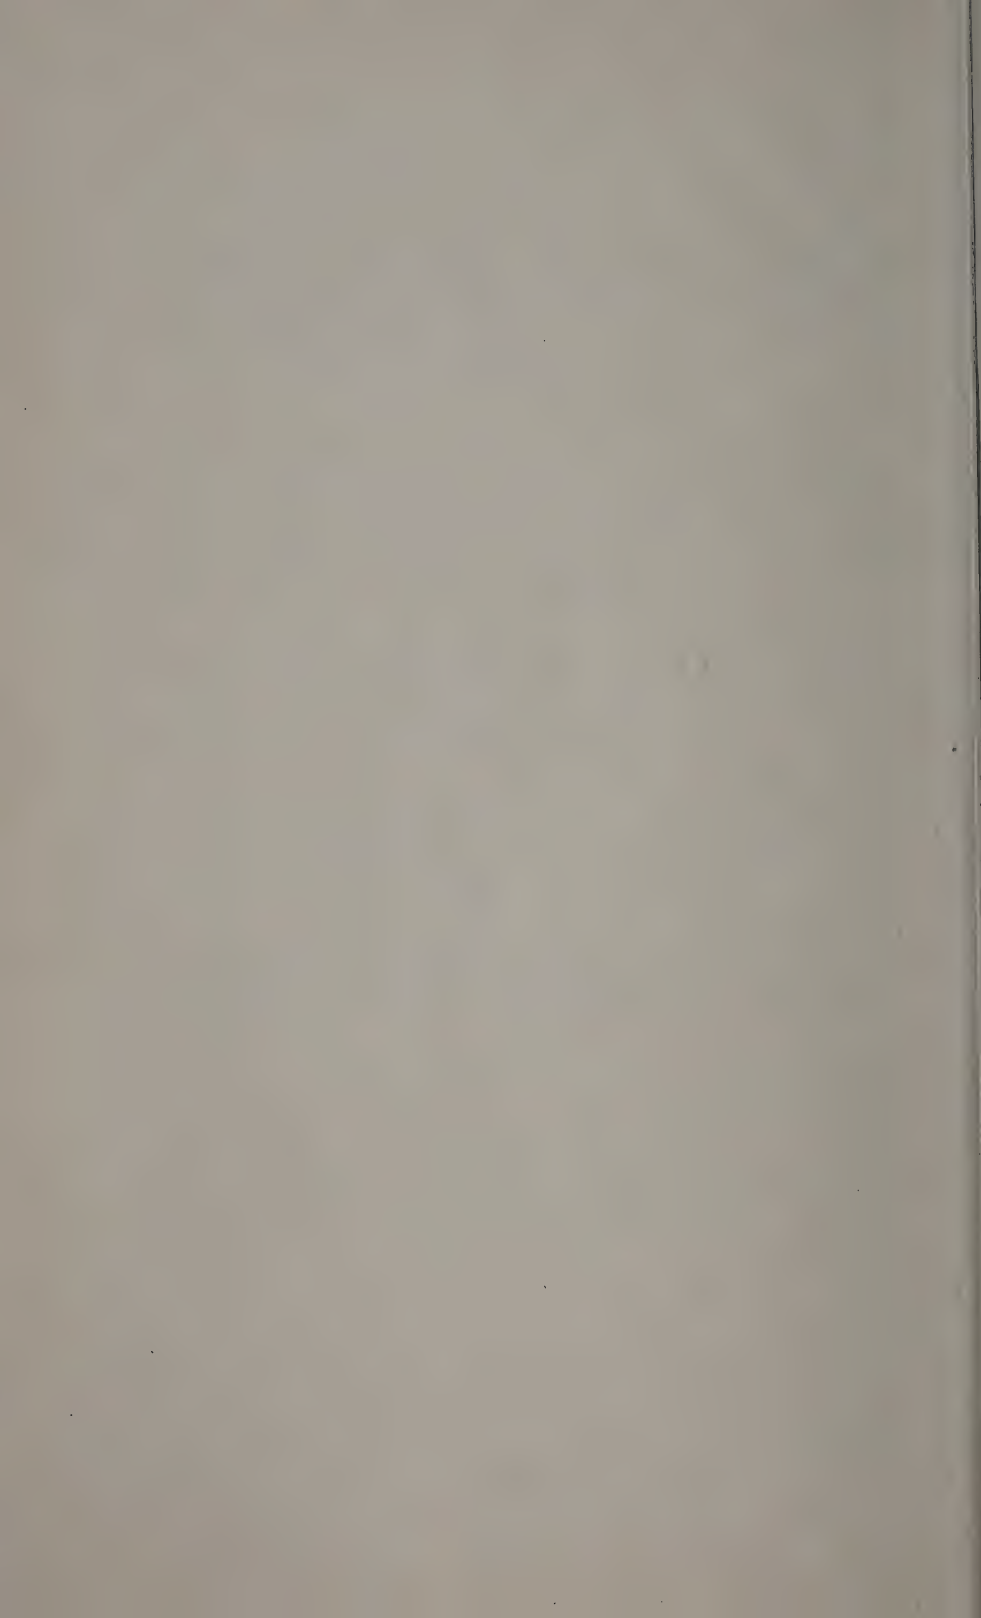

If the Timnah Brook beds are to be used for several years longer, it is the opinion of the Board that #1 bed be completely rebuilt on account of its being too thin to insure good filtration.

We recommend the appropriation of FIVE THOUSAND FIVE HUNDRED Dollars (\$5,500.00) for the construction, maintenance and repairs of the sewers and sewer beds.

Board of Water and Sewer Commissioners

FRED P. CHAPMAN,
JACOB F. GEB,
RUEL E. HEYWOOD.

ANNUAL REPORT

of the

AUDITOR

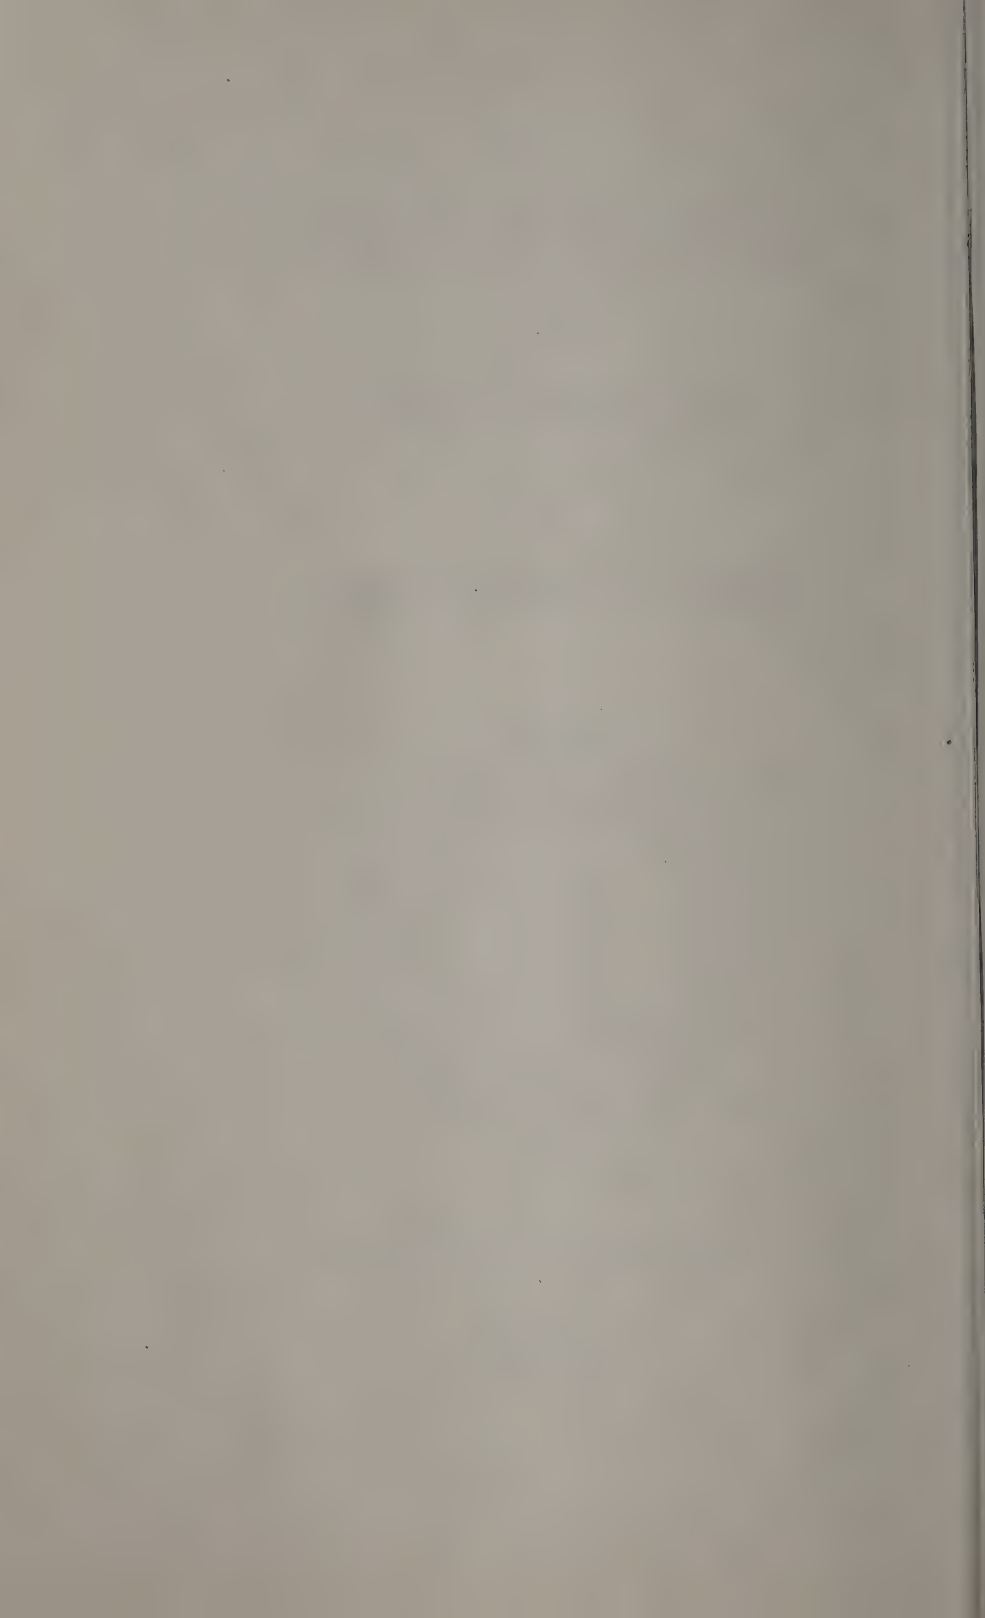

of the

Town of Franklin, Mass.

For the Year ending December 31

1930

To the Honorable Board of Selectmen:—

As Auditor of the Town of Franklin, I have checked the figures covering receipts and expenditures for the year ending December 31, 1930.

The cash has been checked and verified, and the figures herewith submitted are correct.

Yours respectfully,

CARL B. EMERSON,

Auditor.

HOW THE SCHOOL DOLLAR WAS SPENT — 1930

REPORT OF THE SCHOOL COMMITTEE

To the Citizens of the Town of Franklin:

The School Committee presents herewith its report for the year ending December 31, 1930, together with the report of our Superintendent and the reports made to him by the Principals, Supervisors and others in charge of special work.

The total number of pupils enrolled during the Fall term was 1711, an increase of 69 over that of the year before. Of this increase 38 was in the High School, making the enrollment there 447, a larger number than this building was arranged to accommodate. Our Junior High Building is also over crowded with nearly four hundred pupils in attendance. Something must be done to relieve these conditions immediately. One solution of the problem might be to build a new grade school near the Four-Corners on East Central Street, and adopt the three year systems for our High School and Junior High. However, we doubt if the people of the Town would favor this change at the present time. It would also require an addition of at least two more class rooms in the Theron Metcalf building and more teachers.

The High School Investigating Committee which reported to the Town in 1924, after making a thorough study of the situation at that time, foresaw the need of more rooms for the grades, and commented at length on the practical use which could be made of the old High School Building. That committee recommended that after the new High School had been completed, the Horace Mann building be remodeled into an eight-room building. It was estimated at that time the cost would be close to \$35,000. If those figures were correct; the cost of such an undertaking at present ought not to be over \$30,000. This seems to be the most practical and

least expensive way of providing the rooms needed. The work would furnish employment for a considerable number of unskilled as well as skilled laborers. We believe that the Town is financially able to undertake this work. The old school notes, amounting to \$44,000 when the new High School was built, have been paid, and the new debt materially decreased. The cost could be met by a series of notes whereby the burden in any one year would not be great. The result would be a substantial eight room building which would cost at least \$100,000 to build.

Our appropriation for the year was \$129,000 and Dog Tax, the same as the preceding year. Although there was a decrease in the latter, the expenditures have not exceeded the amount available, notwithstanding the increased enrollment and the obligation which the committee is under to increase the salaries of those teachers who have started at a low figure and who are still poorly paid. In order to do this, other items in the budget have been reduced to a minimum. Those who say that the cost of our schools is excessive, and that a reduction ought to be made, should investigate the situation. A nearby town, with about the same population and number of pupils, appropriated \$152,000 for the year 1929, and that sum did not include the cost of fuel and repairs to buildings and grounds, which amounted to nearly \$15,000 more and were met from the Town Engineer's Department. Fuel for six school buildings cost that town \$6264.98 as against \$4596.28 for Franklin's seven large and three small school houses. The amount paid teachers exceeded that of Franklin by about \$24,000; transportation by \$5000; janitors by \$1000; books and supplies by \$1100. The only item which the Superintendent of Schools of that town admitted was excessive was the cost of transportation. He asked for and was granted an appropriation of \$159,000 for the year 1930.

The last report of the Department of Education, that for the year 1929, gives Franklin the rank of 62, among the 79 towns of the State with a population of 5000 or over, in net cost per pupil in average membership from local taxation. The actual cost to the taxpayers of the

town was \$70.80 per pupil for all schools. The figures for some of the other towns are as follows: — Mansfield \$73.71; Grafton \$75.80; Concord \$108.79; Hudson \$78.23; Shrewsbury \$79.02; Canton \$103.15; North Attleboro \$78.67 and Walpole \$79.02. Stoughton's cost per pupil was \$69.23, slightly less than ours but more than accounted for by the difference in the needs for transportation. The cost per pupil to Foxborough, the largest town in the less than 5000 group, was \$78.03.

The average cost per pupil for the 79 towns was \$81.21. For the towns of less than 5000 population, which maintained high schools, the average was \$79.08. With \$80 as a fair average, if the appropriation of this town had been at that rate for 1929 the amount would have been \$143,000 instead of \$129,000, and yet have been reasonable. During the year 1930 Franklin received nearly \$21,000 in receipts by reason of its schools, which sum was available for expenditures and did not have to be met by local taxation.

These figures have been given in order that the citizens may know just where Franklin stands as to the cost of its schools compared with the other towns of the state. With the cost per pupil more than \$10 below the average, and ranking near the bottom of the list in that respect, the taxpayers should realize that the critics are not justified in their complaints concerning the amount expended. Your Committee could have reasonably spent a larger amount during the past two years than has been available. The average of our teacher's salaries is low. Some of our most valued teachers are entitled to and ought to be receiving a larger salary than your Committee has been able to grant them. Their sacrifice contributes in no small way to the high standing which our schools maintain.

Although our schools offer many advantages, there are some desirable features which we do not have, notably Kindergartens for children between the ages of 4 and 6. There are constant demands for a swimming pool and also for better school grounds. Your Committee realizes that the present is not a suitable time to advocate any

improvements which are not considered absolutely necessary. However, this town is not badly off financially. Of the 79 towns in Group II of the State Report, Franklin's rank is 55 in the rate of total tax per \$1000 valuation for the support of schools.

During the past year the Selectmen have co-operated again with the Committee in the care and improvement of school grounds and the athletic field, whereby greater value has been received from the money available for these purposes, and some aid given to the employment situation.

The interest of parents and friends in the work of the schools, shown by the large attendance at the public exhibitions, is very gratifying to your Committee.

Many interesting details in regard to our schools will be found in the reports which follow.

Respectfully submitted,

LEE C. ABBOTT,

JOHN M. RILEY,

DR. CARL E. RICHARDSON,

School Committee of Franklin.

**THIRTY-NINTH ANNUAL REPORT OF THE
SUPERINTENDENT OF SCHOOLS
FOR THE YEAR ENDING
DECEMBER 31, 1930.**

To the School Committee and Citizens of Franklin:

My thirteenth annual report as Superintendent of your schools is submitted herewith, together with reports of my colleagues and statistical data for your consideration.

The past year has witnessed an acute economic and industrial depression throughout the civilized world. The depression has lasted already more than fifteen months. Relief Committees have been organized throughout the land to lessen the distress and suffering of millions of unemployed and their dependents during the winter months. Many persons in our own town, who have had steady employment for over a quarter of a century, are now out of work.

The uneasiness and anxiety which business depression creates in the home is reflected to a considerable degree by the children in the schools. More than ever they need the sympathy and guidance of teachers who have a vision of the great opportunities that are theirs for developing in the minds of their pupils high ideals of conduct and service toward public institutions, and who have the experience, personality, and wisdom to make the vision a reality.

The times need the stabilizing influence of confidence, courage, and good faith, both in business and education. Citizens, school officials, teachers and pupils should work together with sincerity of purpose to enable our schools to do their utmost for our girls and boys. The closest

co-operation of all interested in the development of the greatest and most far reaching of all our social institutions — the public schools — is needed.

School Enrollment

The work of the schools increases in periods of business depression. Large numbers of boys and girls, beyond the compulsory school age, who usually drop out of school to work, remain in school. Others who are unemployed return to school. To give these persons the type of education best adapted to their needs and ability is always a difficult problem in a small school system.

The table below gives the number of Educational and Employment Certificates issued to persons between 14 and 21 years of age during 1929 and 1930:

	1929	1930
Educational Certificates		
(issued to persons 16 to 21 years of age)	197	87
Employment Certificates		
(issued to persons 14 to 16 years of age)	33	12
Total	230	99

Seven of the Employment Certificates issued each year were to persons working only when schools were not in session.

The above table shows that 131 less working certificates were issued in 1930 than in 1929. Some of these who returned to school account for part of our large enrollment in the upper grades the past fall.

Large High School Enrollment

Since June 1925, the last year the Horace Mann Building was used to house the High School, our enrollment in the High School has increased from 297 to 447 pupils, an increase of 150 pupils or 50.5 percent. During this time the number of tuition pupils from Bellingham has increased from 23 to 61, an increase of 38 pupils or 165 percent.

In this same period the eight grades below the High School have increased from 1245 to 1264 pupils, an increase of 19 or 1.5 percent. Thus it is evident that since 1925 our grade school enrollment has remained nearly stationary and our high school has increased 150 pupils, an average increase of 25 a year. During this same period the graduating class at Junior High School has averaged 141 pupils a year and the Freshmen class in the Senior High School 137 pupils, of which number 16 have come from Bellingham.

The table that follows gives the enrollment by grades in the Junior and Senior High Schools for the past six years, and the average number in each grade for the six year period.

	Grade	1925	1926	1927	1928	1929	1930	Average
Junior High School	VII	139	152	145	152	142	154	147
	VIII	145	131	136	145	145	142	141
Senior High School	IX	121	147	130	121	146	157	137
	X	90	94	115	103	94	126	104
	XI	60	70	77	95	69	82	76
	XII	62	51	63	62	82	64	64
Post Graduates		6	7	7	3	1	3	5

The last column in the above table shows that from an average enrollment of 137 Freshmen in Senior High School, 33 pupils or 24 percent do not remain to become Sophomores; 28 more or 20 percent do not remain to become Juniors; and 12 more or 9 percent do not become Seniors. In other words only 47 percent of the pupils entering High School in the last six years became Seniors. This is 12 percent more than for the previous six years in the Horace Mann building. There 33 pupils or 35 percent of an average number of 95 Freshmen remained to be Seniors.

It is evident from the above data that during the past six years:

1. Our enrollment in Grades I-VIII has increased 3 a year.
2. The enrollment in High School has increased 25 pupils a year.

3. 12 percent more of those entering High School remain to graduate.

School Accommodations

When our High School Building was erected, we were assured that it would accommodate a maximum of 420 pupils. This past fall with an enrollment of 447 pupils we have passed that maximum.

In order to accommodate this increased number it has been necessary to use the sewing room and physics laboratory as well as the library to a greater extent than before for home rooms and classes for which they are not adapted.

If our High School enrollment continues to increase it will be necessary to provide more room. This can be done by adding more rooms to our present High School Building or by remodeling the Horace Mann Building into an eight-room building. If the latter is done, the four more class rooms provided could be used in conjunction with either the High School that is nearby or the grades or both.

The following passages taken from the report of the High School Investigating Committee, printed in 1924, will give their ideas in regard to remodeling the Horace Mann or old High School Building:

"We have a most practical use to recommend for the present High School Building which we believe will appeal to the citizens as the proper solution of this question; namely, to change it into an eight-room grade school."

"It is proposed that the third floor could be taken away, the building changed to a two-story structure, that by removing the third story the expense of fire-proofing exits, re-inforcing floors, etc. would be greatly reduced and that after completion the operating cost of the building made more reasonable."

"While no actual estimates are available, your investigating committee is advised that these complete changes could probably be made for a sum close to \$35,000."

If the Horace Mann Building was remodeled so that four more classrooms were available the third and fourth grades now housed at the Theron Metcalf Building could occupy two of them, thus relieving the congestion that has existed in that building, and the other two could be used to relieve the present High School building.

School Costs

The table below gives the cost per pupil in all schools and in the high school for the 24 towns in this state with an average membership between 1400 and 1800 pupils for the year ending June 30, 1930, according to the Annual Report of the Massachusetts Department of Education:

Town	Average Membership	Per pupil cost in all schools	Per pupil cost in High School
1. Southbridge	1,785	\$ 74.00	\$ 92.80
2. Middleborough	1,778	80.62	101.38
3. Ludlow	1,774	88.71	125.90
4. Walpole	1,735	90.28	128.26
5. Maynard	1,715	62.50	77.83
6. Montague	1,712	92.11	115.47
7. Clinton	1,712	95.07	112.85
8. Agawam	1,637	87.64	132.95
9. Easthampton	1,621	86.61	102.03
10. Swampscott	1,606	102.83	148.62
11. Franklin	1,600	83.24	114.72
12. Stoneham	1,591	105.07	164.69
13. Northbridge	1,586	88.50	112.80
14. Bridgewater	1,545	78.47	109.58
15. Whitman	1,536	85.57	107.11
16. Marblehead	1,449	94.13	141.73
17. Ipswich	1,441	70.46	80.59
18. Andover	1,427	104.34	128.81
19. Rockland	1,426	90.08	172.58
20. Shrewsbury	1,416	92.13	136.28

Town	Average Membership	Per pupil cost in all schools	Per pupil cost in High School
21. Randolph	1,416	59.62	119.49
22. Chelmsford	1,415	73.35	97.10
23. South Hadley	1,406	80.67	104.93
24. Barnstable	1,402	111.56	237.68

This table shows that in only eight of the 24 towns is the cost per pupil in net average membership in all schools less than in Franklin and in 15 the cost is more. In the High School the cost in ten is less and in thirteen it is more than in Franklin.

Average Per Pupil Cost for All Schools

39 Cities of the State	\$103.61
79 Towns over 5,000 population	91.91
112 Towns under 5,000 population	97.40
Franklin	83.24

Average Per Pupil Cost in Elementary Schools

39 Cities of the State	\$86.91
79 Towns over 5,000 population	72.90
112 Towns under 5,000 population	80.56
Franklin	62.78

Average Per Pupil Cost in Junior High Schools

39 Cities of the State	\$105.91
79 Towns over 5,000 population	99.26
112 Towns under 5,000 population	103.10
Franklin	77.27

Average Per Pupil Cost in High Schools

39 Cities of the State	128.18
79 Towns over 5,000 population	126.82
112 Towns under 5,000 population	149.27
Franklin	114.72

From the above statistics we see that the schools in Franklin are costing much less than the average in other

cities and towns of the state per pupil in average membership.

School Work

As a result of the study of the newer reading systems by the teachers in the elementary grades last year, a new system of reading was introduced in the elementary grades this fall to replace the one in use for several years. The new system emphasizes the children's interests and activities and is based on their experiences. From the interest manifested both by the teachers and children in the reading periods it is evident that the change has been beneficial.

The following taken from the school report of 1868 shows that we have progressed in our aims in this important subject:

"We recommend and shall expect all the teachers from Primary to High School to devote a portion of the time allotted to the exercise of reading, to acquiring a practical knowledge of the principles which form the basis of good reading. Among these may be named Articulation of the elementary sounds, Accent, Emphasis, Inflection, Modulation, Personation, and Pauses; and though these exercises may at first seem tedious to pupils who have never been taught properly, the true teacher will soon invest these topics with new interest and the pupils find the drill both pleasant and profitable."

From the above it is evident that oral reading with good expression was desired and that little attention was given to taking in the ideas, sentiments, and thoughts of the author. Today oral reading is considered secondary to silent reading and the ability to think the thoughts of the printed page is considered more useful than the ability to pronounce words.

Much of a child's success in school depends on his ability to get quickly the thought from the printed page. From tests given the past fall it was found that children in the first divisions of the sixth and seventh grades

could master twice as many paragraphs in the same length of time in the Burgess Silent Reading Tests as pupils in the fourth divisions.

Pupil interpretation of thought units on the printed page is being stressed in our reading classes along with effective oral interpretation.

During the past fall Diagnostic language tests were given to the pupils in Grades 4, 5, and 6. These tests were divided into four parts as follows: Language Usage, Capitalization, Pronunciation, and Punctuation. On the first three our pupils compared favorably with the standard scores, but were weak in punctuation. Remedial work in punctuation is being given to strengthen the pupils in this respect and individual attention is given to those whom the tests found weak in any particular part.

Safety Education

Considerable emphasis has been placed on teaching safety in the schools during the past year, especially in the elementary grades. Patrolman McAndrews of Governor Allen's Safety Commission has addressed the children in the schools in regard to safety on the highways and given them their S. O. S. of Safety, "Stay on Sidewalks," "Stay off Streets," and their A, B, C's, "Always Be Careful." The teachers have also given safety talks to the children and at the close of the school sessions, the children have been given suggestions in regard to their conduct on the streets. The Course of Study issued by the State Department of Education on Safety form the basis of the work. We also use the lesson material and posters sent monthly to the schools by the Coordinating Committee on Safety Education. These leaflets contain definite suggestions in regard to teaching safety and each one treats a different phase of the subject. One of the recent leaflets considered "Winter Safety" with the object of preparing boys and girls to enjoy the pleasures of snow and ice with safety. Some of the topics considered were Coasting, Skating, Snowballing, and Walks.

A sense of individual responsibility and initiative needs to be developed in our boys and girls in order that they may be ready to assume the larger responsibilities of life. Numerous opportunities occur daily, not only in the school but also in the home, for improving their attitudes and character. Let us all take advantage of these opportunities and do our utmost to improve the attitude and character of our children in order that they may be more useful members of the family and community.

Recommendations

1. Additional accommodations for the High School.
2. Re-surfacing the grounds at the elementary school buildings.
3. Improving the sanitary conditions at the Four Corners and Brick School Buildings.
4. A cement sidewalk in front of the Theron Metcalf Building.

The past year has been a busy one in the schools. Successful accomplishment has come through the kindly and active co-operation of townspeople and the School Committee. Your Superintendent wishes to express his gratitude to the teaching staff, parents, and members of the School Committee, who have contributed so generously to the welfare of the schools.

Respectfully submitted,

ARTHUR W. HALE,

Superintendent of Schools.

REPORT OF THE PRINCIPAL OF THE HIGH SCHOOL TO THE SUPERINTENDENT OF SCHOOLS

Dear Sir :

I wish to submit the following report concerning the high school for the year 1930:

Enrollment

The school is growing as evidenced by our present enrollment of 450 pupils. Of this number 61 come from the town of Bellingham and one from the town of Norfolk. According to grade enrollment the high school will increase in numbers for at least the next three years. In the past six years the high school population has increased in the high school by 150 pupils.

Seating Conditions

Our school building was built to accommodate 420 pupils, so with 30 pupils in excess, we are in need of more classrooms. Some pupils have no home rooms and on days when all are present there are not enough seats. All rooms are used each period of the day and in addition our assembly hall is used for both study and recitation. These conditions will be made more difficult by having a graduating class in June 1931 of 68 pupils and an incoming class of approximately 160 pupils in September 1931.

College Preparation

We maintain an accredited standing with the State Department of Public Instruction, the New England College Entrance Certificate Board, the North Central Association, and many colleges not affiliated with the above named agencies.

We have had no failures in colleges by students certified from our school to do college work during the past six years. This unusual record is due for the greater part to: first, a careful decision as to what boys and girls have done good enough work to merit the stamp of the high school's approval; second, to the small change in the teaching personnel of the college course teachers.

Manual Arts, Business and General Courses

Our general course has the largest number of pupils and this is followed very closely by the business course. Manual training and household arts are popular subjects with many pupils and each year the quality of work done reaches a new and higher mark.

Many graduates from the business department are filling positions in Franklin offices and some out of town. We are making an unusual effort in our business and general courses to prepare pupils for the business transactions that will necessarily be a part of their life after leaving school.

The Graduating Class of 1930

Eighty boys and girls were granted their diplomas last June. Following is a tabulation showing what work each has entered:

Attending:

Harvard College	1
Tufts College	1
Boston Universtiy	3
University of Vermont	2
Middlebury College	1
Hyannis Normal	1
Fitchburg Normal	1
Washington College	1
Regis College	1
Radcliffe College	1
University of Southern California	1
Wentworth Institute	1
Bentley School of Accounting	2

Woonsocket Commercial School	4
Burdett College	3
Preparatory Schools	8
Schools of Nursing	8
Post Graduates in High School	4
Clerical positions	10
Miscellaneous positions	14
At home	10
Married	2

Thirty of this, the largest class to graduate from the Franklin High School, have pursued their education beyond the high school course. Each year finds a larger group entering college.

Activities Outside the Classroom

This past year has witnessed a particularly successful season for both basketball and football in that many boys have engaged in these sports and we have had very strong teams.

Our band has eighty members and is progressing as a self-supporting organization. Their public concert given by the boys December 4, 1930, was well received and demonstrated their playing ability.

The Orchestra is doing good work and not only plays for school affairs but has assisted several organizations outside the school.

The class in vocal music consists of one hundred students and they are preparing for a public appearance this spring.

The students and teachers are working on plans for a student council that will bring the extra curricular activities more into the pupils' responsibility and we hope the interest of the entire student body.

Respectfully submitted,

ALBERT T. PATTY

REPORT OF THE PRINCIPAL OF THE JUNIOR HIGH SCHOOL TO THE SUPERINTENDENT OF SCHOOLS

Dear Sir:

Our Junior High School building this year is exceedingly crowded. There are only two changes in the teaching force, those being in the Manual Training and Physical Training Departments.

Our work this year has progressed along the same lines as last year. We have our same system of school government. Clubs, also, are about the same, the Poultry Club being unusually large this year.

Assemblies and Class meetings are continued as before.

At the present time we are just in the midst of a character campaign, in the form of a character flight in the good ship, "The Spirit of Franklin Junior High," and our landing is the Star of Honor, which some division will achieve by February 6th. The flight is based on individual achievement, home room achievement, and school community achievement which takes into consideration attendance, tardiness, and character ratings, such as courtesy, self-control, reliability, and co-operation.

The Opportunity Class, which is in our building, is also very crowded, with an enrollment of 18 pupils. This is too many for a class of this type, and as the number seems to increase from year to year, I think arrangements should be made to provide another class for them. I suggest as one way of solving the question, the dividing of the class into two divisions, according to age and mental ability, and having each division attend school for a half-session.

I should recommend having a wooden floor put in the Domestic Science room. At the present time we have a cement floor which has not proven satisfactory, as it is cold and also rather dusty to be used as a cooking room. Our oil stoves have given out, and I should suggest that instead of getting new oil stoves, we have either gas or electric plates.

Respectfully submitted,
J. ETTA McCABE.

REPORT OF THE SUPERVISOR OF ART TO THE SUPERINTENDENT OF SCHOOLS

Dear Sir:

I hereby submit my third annual report as Supervisor of Art in the Franklin Public Schools.

The very general term, Art, or Drawing, includes at least nine different subjects which we teach with varying emphasis in the different grades. They are, Object, Nature, and Pose Drawing, Illustration, Construction, Lettering, Poster Making, Color and Design.

Much emphasis is placed upon the work in Color in all the grades, for a knowledge of how to use color successfully is surely of great value to all of us, no matter what our position in life may be. We are obliged to make a choice in color in practically every purchase we make and the colors which we wear and with which we decorate our homes should be chosen intelligently. For the same reason Design is emphasized particularly in the sixth, seventh, and eighth grades.

The work in Object Drawing is graded carefully. In the first three grades all work is in two dimensions with

emphasis on general proportion. In the fourth grade the drawing of cylindrical objects in three dimensions is taught, in the fifth, rectangular objects in three dimensions, in the sixth, a review and representation in light and shade.

In lettering, only the upper case letters are used until the fifth grade. The mediums used are cut paper, crayon, pencil, and lettering pen, and most of the work is done in connection with posters, greeting cards, and holiday work.

We make posters for all occasions and are invited to enter many contests. We sent several posters to the 1930 S. P. C. A. Poster Contest, several children in both the Horace Mann and Ray Schools winning prizes. The Ray School entered the Health Poster Contest, winning prizes there, also. These contests take a great deal of time but seem worth while for many reasons.

The 1930 Eastern Arts Conference was held in Boston and was a very successful and inspiring assembly. Some of the finest speakers were Mr. Ernest W. Butterfield, Commissioner of Education, New Hampshire, whose topic was, "The Latitude and Longitude of Ability," Mr. Charles Edward Newell, Director of Art Education of Massachusetts, whose topic was "Free Brush Pattern in Color and Design" with a demonstration by pupils from an East Boston school, and Dr. Margaret McAdory, Hunter College, New York City, who showed "Method of Testing Art Judgment."

Preparation for the school exhibition in May took much time as usual. Fifteen hundred drawings cannot be collected, well arranged, and mounted without much labor. During such preparation the teachers should not expect the regular teaching visits of the supervisor. The work is always carefully planned and each teacher has a typewritten outline which she can easily follow by herself. The supervisor will, of course, visit each building according to her schedule if possible so she may be consulted about the work if necessary.

Our course of study is carefully planned and consistently followed from year to year and we are beginning to see some very satisfactory results. We look forward with enthusiasm to the coming year, confident that with the same hearty co-operation of teachers and school committee, even greater advancement may be possible.

Respectfully submitted,
IRENE KIBBE WIGHT.

REPORT OF THE SUPERVISOR OF MUSIC TO THE SUPERINTENDENT OF SCHOOLS

Dear Sir:

All grades are equipped now with the books of the Music Education Series and supplemented with the Concord Series in the lower grades. This makes possible a uniform program. The system of outlines given to each teacher early in the year is being continued. This enables the teachers to formulate their weekly plans ahead of time, and also insures the presentation of the same songs and drills in all parts of the town. Each teacher may add to the outlines as she sees fit, but a certain minimum remains uniform.

The singing work in the exhibition last spring followed very closely the customs of former years and was greatly enjoyed by all.

The operetta "Patience" by Gilbert and Sullivan was presented by the pupils of the High School Music class. Though we will all admit its shortcomings, it was a wholesome and helpful musical experience for the members of the cast. Though costumes made this staging expensive, a small net profit was realized on the per-

formance which was turned over to the school fund. The officials of the Wrentham schools invited us to give the same operetta at Wrentham for their benefit, which we were happy to do. There is no question that the pupils enjoy this type of singing — they sing with enthusiasm. You will recall that the report of last year indicated an increase in the High School Music class from 100 in the previous year to about 160. In the fall of 1930, 203 pupils registered for Music. This was a class altogether too large for good results. Consequently, the class was separated into three divisions, two of which were obliged to meet after school hours. The chorus sang two numbers at the Thanksgiving Assembly which were much appreciated and are now preparing for the spring operetta.

The Junior High School work is carried on as in previous years with regular four-part chorus work in both the seventh and eighth grades. In the seventh grade an outline has been made which not only stresses the songs for particular occasions, but also correlates them with the geography work. This work is in the form of a trip around the world, and we are able to study folk songs of each country through which we travel.

The Junior High School Orchestra this year has 24 members: piano, violins, banjo, trumpets, saxophones, clarinet, and drums.

Early in November 1930, a singing contest was held in the High School for the pupils of the first five grades. Each room sent not over 12 voices and sang a selected song and an assigned song. The judges were Music Teachers from Foxboro and Boston. They were asked to judge upon the quality of the singing rather than the technique. The first prize for the first grade went to the Arlington Street school; second grade, Thayer school; third grade, Thayer school; fourth grade, Theron Metcalf school; and the fifth grade to Miss Jordan's room. Though this contest came very early in the year, it was received with a great deal of interest. The improvement in the singing from grade to grade was very noticeable to all.

May I point out again the need of Music Appreciation in the schools of Franklin and of some work on the theory of Music along with the singing. Music is fast becoming a required subject for college entrance — and this puts more weight on theory and appreciation than on singing.

If the Supervisor were here five days a week, much more of this work could be done and much more work with special programs and small group instruction. Additional pianos — at least one in each building — would help, and radios would open another fruitful field. The boys and girls of Franklin are capable and willing to learn and appreciate good Music, but in order to better appreciate and understand good music, the majority of the pupils need more specialized and more abundant instruction.

Respectfully submitted,

DELPHINE CARPENTER.

**REPORT OF THE PHYSICAL DIRECTOR FOR
GIRLS TO THE SUPERINTENDENT
OF SCHOOLS**

Dear Sir:

In Physical Training, physical development of the individual is the aim, whereas in physical education, the aim is the education of the individual through physical activities. Education is the end, physical activities are the means. We are training for health, sportsmanship, and personality. There can be little doubt that posture, skill, and grace are fostered by experience in spontaneous play, in rhythmic games, and physical activities.

Every girl is not skilled in athletics, but she can improve her proficiency by learning the correct forms. A varied program is planned so that each one will benefit. Getting away from the formal gymnastics and having more games to play gives each one a larger opportunity to get more physical exercise. The activity side of our physical education program for the High School and Junior High groups is made up largely of five major types of work; the practice of formal exercises, commonly known as calisthenics; the practice of dancing; the practice of acrobatic feats on the mats, horizontal bar, parallel bars, etc.; the practice of highly organized sports such as baseball, track, hockey, and basketball; the practice of sports requiring a low degree of organization, such as group games and relay races, known as recreational activities. The latter find more universal usage than any other type of activity. It constitutes a major phase of physical training work in the schools. These activities offer many benefits and have many advantages for gymnasium and playground use. Owing to the fact that not much organization is required, large numbers can be readily handled.

Previous years there has been one particular group taking advantage of hockey and basketball. This year each girl in the High School is required to take one of the outside activities. They have their choice of hockey, basketball, and hiking. They are required to take one hour a week and this is averaged with their physical mark. About one-fourth have taken hockey, about one-half have signed for basketball and one-fourth for hiking in the spring.

The following is the outline of the work as it is carried on in the High School, Junior and Elementary grades:

Fall Term:

HIGH SCHOOL — Track, Outdoor games.

JUNIOR HIGH — Track, Hockey.

ELEMENTARY GRADES — Outdoor Games.

Winter Term:

HIGH SCHOOL — Calisthenics, Apparatus, Dancing, Games, Hand Apparatus.

JUNIOR HIGH — Volley Ball, Captain Ball, Hit Pin Ball, Apparatus, Tumbling.

ELEMENTARY GRADES:

1st - 4th — Marching-Skipping, Action Stories, Song Dances, Mimetic Exercises, Exercises, Games.

5th & 6th — Marching, Exercises, Games.

Spring Term:

HIGH SCHOOL — Games, Hiking.

JUNIOR HIGH — Baseball, Basketball.

ELEMENTARY GRADES:

1st - 4th — Group games.

5th & 6th — Organized games.

Respectfully submitted,

DORIS M. KUBECK.

**REPORT OF PHYSICAL DIRECTOR FOR BOYS
IN THE JUNIOR AND SENIOR HIGH SCHOOLS
TO THE SUPERINTENDENT OF SCHOOLS**

Dear Sir:

Physical vigor and soundness contribute to happiness, to accomplishment, to service to society, state and country. The legislatures of the different States of the Union recognizing this, enacted laws that put upon the schools the responsibility of providing adequate physical education to the end that the children of our land may become physically fit now and that they may enter manhood and womanhood with strong, healthy bodies.

The trend of physical education today is toward intra-mural sports and with this view in mind I have planned my program in the Franklin Junior and Senior High Schools.

In the Junior High School, touch football, track, soccer, baseball, and other games are played out of doors and if the weather is bad, captain ball, volley ball, calisthenics, and marching drills are performed inside. In all drills posture and poise are emphasized with the idea predominant that if you acquire proper carriage in these years of adolescence you will always have it.

Hygiene is required of all children in the Junior High School with particular stress on important health habits.

In the physical work in the Senior High School I have tried to cater to the interests and desires of the pupils. Invigorating play games, touch football, soccer, track, and baseball are indulged in during the fall and spring, while in the winter basketball and apparatus work occupies most of the time. Good sportsmanship and fair play are emphasized in all drills with stress being placed not on winning, but "how you played the game."

Respectfully submitted,

BART J. McDONOUGH.

REPORT OF THE SCHOOL PHYSICIAN TO THE SUPERINTENDENT OF SCHOOLS

Dear Sir:

I herewith submit my report as school physician for the current year, this being my twenty-third year of service. As I look back over these years I feel that much has been accomplished during this period in promoting the health of the school children of our town and in building a foundation for continued good health during life.

Total number examined during 1930	1,613
Notices sent to Parents	261
Defective eyes	5
Defective ears	1
Defective teeth	138
Tonsils and adenoids	75
Non-vaccination	11
Impetigo	2
Anemia	3
Pediculosis	26
Excluded from school for Impetigo	2
Excluded from school for Mumps	1
Excluded from school for Pediculosis	5

Many children have minor defects that handicap them in school work and they can be easily corrected. With that end in view, a school clinic was held in the closing weeks of school, available to all who were to enter at the beginning of the next school year. At that clinic 68 were examined and the parents informed of any defects which were found. I was assisted in this work by Dr. Green. To the school nurse must be given the credit of getting so many to avail themselves of this opportunity. This clinic was so successful that it is planned to make this

work a part of the work of medical inspection. Several clinics will be held the coming season and a more thorough examination made than was possible at the clinic of this year. These examinations are free to all who desire to avail themselves of the opportunity. Safeguarding the health in the early years of life is of the utmost importance. The infectious diseases of childhood are too often neglected and much damage is done to the vital organs, more particularly the heart, and the foundation is laid for serious illness later in life. For this reason I have in the past advised against too violent physical exercises. No one should engage in competitive sports without first having a thorough physical examination and found to be 100% perfect. It has been the aim of your school physician to encourage the pupils in maintaining good posture and to breathe properly. To assist them, Miss Mitchell secured a "Posture Film" from the State Department of Public Health which was exhibited in the Junior and Senior High Schools. The State Department of Public Health has also held several clinics in several places in the state for the purpose of controlling Tuberculosis. Several children have been taken to these clinics for examination. The Health Department of the State and Nation are doing a great deal for the promotion of health and the future holds forth great promises to future generations.

Respectfully submitted,

SOLON ABBOTT, M. D.

REPORT OF THE SCHOOL NURSE TO THE SUPERINTENDENT OF SCHOOLS

Dear Sir:

The following is my yearly report, year 1930:

Number of examinations made in schools	5,730
Number of examinations made in homes	133
Number of homes visited	271

Number of schools visited	10
Number of school visits	368
Number of pupils excluded	
Pediculosis 19; Scabies 7; Whooping Cough 1;	
Odor Nasel 1; Mumps 7; Impetigo 3; Chicken	
Pox 2; Measles 12; Rash 11;	63
Dressings	5
Pupils taken or sent to Doctor	16
Pupils taken or sent to Dentist	17
Pupils taken or sent to Oculist	2
Pupils taken or sent to Hospital	
5 Examination; 1 X-Ray; 22 T & A; 12 Eyes;	
2 Ears	42
Weighed	131
Assisted Doctor to examine	1,601
Assisted Dentist to examine	584
Inspections	370
Health Talks	171
Meetings attended (Health)	4
Other visits	85
Taken home	26
Pupils to Camp	1
Contagious cases found in schools	
3 Impetigo; 2 Chicken Pox; 4 Scabies;	
1 Whooping Cough; 12 Measles	22
Contagious cases found in homes	
2 Measles; 1 Scabies; 1 Mumps; 1 Impetigo	5
Toxin-Anti-Toxin given	
91 Pre-school children; 211 school children	302
Pre-School Clinic in June	
Pupils examined by Dr. Abbott and Dr. Green	68
Posture Film shown at Junior High and High	
Schools in September — talk on same by	
Dr. Abbott.	
Examination with Audimeter	1,405

During the year, the usual health talks, examinations, and recommendations were made — children with defects being taken or sent to Doctors, Dentists, hospitals, and clinics.

The milk at the morning recess was continued, also the hot drinks for bus pupils. In the spring the local

dentists very kindly gave their time and knowledge by examining the teeth of all pupils in the first, sixth, seventh, and eighth grades. This always proves an incentive for a large majority to have dental work done. In May, Dr. Dudley of the State Department, with the co-operation of the local Board of Health, administered to 302 children Toxin Anti-toxin as a Diphtheria Preventative. In June, a pre-school clinic was arranged at the Theron Metcalf School when 68 five year old children were examined by doctors and recommendations made.

We wish to thank Miss Carpenter, our Music Instructor, for the fine entertainment which she put on to raise money for milk, also the artists who took part.

We wish to express our appreciation to the Kings Daughters, the Nursing Association, and Rotary Club for the financial aid given us to carry on our clinics and nutrition work.

Considerable has been accomplished this year in our School Health Work, through the co-operation of teachers and parents.

Respectfully submitted,

NELLIE I. MITCHELL, R. N.

REPORT OF THE DIRECTOR OF HOME MAKING IN THE HIGH SCHOOL TO THE SUPERINTENDENT OF SCHOOLS

Dear Sir:

Home Economics furnishes girls with an opportunity to "do" things, stimulates their interest and guides their practices in the many things which are so necessary to

home-building and happy home life.

Individual instruction, together with class instruction, is necessary to make this training valuable. This fact may be recognized in this course perhaps more than in any other.

Home-making is personal, vital, touching their very existence and everyday mode of living; the results of this training influencing the physical, social, economic, and even the moral aspects of their lives. Moreover, the home training and home conditions vary to such an extent that the need of individual instruction is increased.

Clothing

The question of clothing is of interest to most women, but of still greater interest to girls in school. In adding to a girl's wardrobe it is necessary first to know the size of it in order to make a sensible choice. This is the method now used in the classroom. They decide what new garments are needed and what old ones can be renovated, remodelled, or discarded. Next it is necessary to decide what garments to buy and what to make. The girls are helped in selecting and wearing their clothes to advantage as well as to make them.

Meal Planning and Food Preparation

As most food is still prepared in homes, the family meal is made the basis of instruction for home economics courses dealing with foods. But before a meal can be cooked for a family it is necessary to know something about the nutritive needs of each member and what can be purchased at the market. The size of the family purse is also a controlling factor. This requires, in turn, the introduction of the family budget in order to determine the proper proportion to be allotted for food.

Serving is the next step. Here dishes, table covering, and the kinds of service all must be considered from the standpoint of family needs.

Then comes the work of cleaning up, including dish washing.

An attempt is made to follow the seasons and holidays so as to parallel the home activities. This year the girls found pleasure in making fruit cakes and cookies which were donated to a charitable organization for their Christmas baskets.

Home Nursing and Child Care

The course in Home Nursing as given by the School Nurse in the High School gives correct and effective ways of caring for the sick, the way to act in emergencies and how to bathe and dress a baby. This is supplemented by a course in dietetics.

The fact that over ninety percent of all women marry, is evidence that their most logical sphere is home-making. With proper training this vocation becomes a fascinating enterprise which gives scope for the exercise of the best artistic and social talents. When all of the duties are well performed, it means that preparation, thought, and skill of a high order are employed in the task. Hence home-making rises to the dignity of an art or a profession.

There are about sixty-five girls enrolled in the home-making classes this year.

Respectfully submitted,

GERTRUDE E. MITIGUY,

STATEMENT OF FRANKLIN HIGH SCHOOL LUNCH ACCOUNT

Balance on hand January 1, 1930	\$ 218.32	
Receipts for year 1930	4,396.75	
Total of Balance and Receipts		\$4,615.07

Expenditures during year 1930 4,498.23

Balance

\$116.84

Summary

Receipts 1926	\$3,159.82	
Receipts 1927	3,402.91	(Increase over 1926 — \$243.09)
Receipts 1928	3,658.65	(Increase over 1927 — 255.74)
Receipts 1929	4,091.29	(Increase over 1928 — 432.64)
Receipts 1930	4,396.75	(Increase over 1929 — 305.46)
1930 Increase over 1926 — \$1,236.93		

Respectfully submitted,

GERTRUDE E. MITIGUY.

**REPORT OF THE DIRECTOR OF INDUSTRIAL
ARTS IN THE HIGH SCHOOL TO THE
SUPERINTENDENT OF SCHOOLS**

Dear Sir:

I herewith submit my annual report as Supervisor of Practical Arts.

Good progress has been made in the department during the past year. I have endeavored to give the students full advantage of the opportunity offered to improve their desires, together with their ability to actually accomplish something of value, both to themselves and to the home.

This past year the two outstanding projects accomplished were the constructing of seven sets of bleachers for the Theron Metcalf field and the building of a concrete walk for the High School.

What boys of high school age can do in building a concrete walk has been demonstrated by the one hun-

dred pupils in the Manual Training classes. They built in less than two weeks a stretch of walk 100 feet long and 4 feet wide, having a thickness of 5 inches. The total cost was 54.50. The money was presented to the school by the class of 1929.

The increasing number of pupils electing the Practical Arts course has once again made a difficult problem. Our shop space at the present time is limited to classes not to exceed 24. In some cases, classes are over this limit. The shop is in urgent need of an additional room for wood finishing.

A "Safety Campaign" is being conducted. This is imperative, as increasing numbers are using the power machinery. Some risk is entailed in their operation, and safety precautions must be taken against carelessness of the boys. If we are to achieve freedom from accidents, certain rigid rules must be adhered to. In five and one-third years we have had only one minor accident due to gross negligence of the boy. We have been fortunate in not having a real serious accident, and considering the total number of boys using the machines, our casualty percentage is very low.

Advanced Mechanical Drawing was taught under the method used in previous years. All instruction was entirely individual, due to the mixed grouping of the classes. Correlation with the shop was an important feature. The boys' ideas were worked out in the drawing room then blue printed, and from the prints the boys made the actual object they laid out on paper.

In May the annual exhibition was held. It afforded the citizens of the Town an excellent opportunity to see and know just what we are doing for the education of the youth in this department.

In conclusion, I wish to thank you, the principal, and teachers, for their support and splendid co-operation during the year.

Respectfully submitted,
ARTHUR G. HILBERT.

REPORT OF THE DIRECTOR OF HOUSEHOLD ARTS IN THE JUNIOR HIGH SCHOOL TO THE SUPERINTENDENT OF SCHOOLS

Dear Sir:

"But for life, the universe is nothing; and
all that has life requires nourishment."

"If manners make the man, manners are the
woman herself."

The aim of the Domestic Science courses at the Junior High School is to develop in the girls worthy and helpful members of the family and the community.

A general knowledge of how to prepare most common foods, classification of values of foods, correct foods to eat and correct table service and etiquette comprise the principal parts of the course of study.

The first and most important problem for the seventh grade girls to master is co-operation. It is the first time in their school career that the girls work together as a whole. Each class is one big family. The Domestic Science room is our home, and we aim to keep it clean and make it as attractive as possible.

We have prepared many simple foods that may be served at breakfast and supper, such as cocoa, cereal, applesauce, prunes, eggs, a la Goldenrod, biscuits, muffins, cake, creamed vegetables, and simple desserts. We have also studied the classification of foods and what the body requires for nourishment.

In the eighth grade the girls work co-operatively and strive to keep our Domestic Science room clean, and as much like home as possible. We have made a careful

study of batters and doughs, making pastry, cake, cookies, bread, and desserts. We have also made such things as meat cakes, baked potatoes, salads, and boiled dressing. Food preservation, cuts of meats, types of fish, and uses of eggs have also been studied.

The sewing work is planned with the aim of making the girls worthy and helpful members of their families. In the seventh grade the care and use of the sewing machine is taught, and applied to simple undergarments, and later to dresses. Many of the girls finished undergarments and made one or two simple dresses. We had a good representation from the seventh grade in the Fashion Show given as part of the Exhibition of School Work from the Schools in our town.

In the eighth grade the girls learn how to use commercial patterns and make dresses, skirts, blouses and coats of difficult construction. We also had a very good representation from the eighth grade in our Fashion Show.

At the Ray School the girls make a start on the Domestic Art work, having one period each week for sewing. They learn the fundamental stitches and apply them to cooking uniforms which are worn the following year. The girls also learn the simple stitches of embroidery, which they apply to felt needle cases or pen wipers made in attractive designs.

In working out our Home Project it would be of great advantage to the girls to have a small dining room as part of our equipment. I suggest as a start that we have four chairs and a table placed at one end of our Domestic Science room.

Respectfully submitted,

DORIS M. HATHAWAY.

REPORT OF THE DIRECTOR OF INDUSTRIAL ART IN THE JUNIOR HIGH SCHOOL TO THE SUPERINTENDENT OF SCHOOLS

Dear Sir:

The aim of Manual Training in the Junior High School is to give the boy a practical knowledge of woodworking—the use of tools, kinds of wood, and an appreciation of good workmanship. Every boy in the Junior High School is required to spend two periods each week in the Manual Training shop, and one period each week studying Mechanical Drawing.

The seventh grade boys are following a course of study which includes the construction of such projects as: bread boards, tie racks, book-ends, foot stools, plant stands, table lamps, magazine racks, and end tables.

The eighth grade boys are pursuing more difficult projects of their own choice, and in most cases, of their own design. These projects include such objects as: book racks, sewing cabinets, magazine baskets, telephone tables, costumers, book cases, sleds, and smoking stands.

In Mechanical Drawing the seventh grade classes are studying the essentials of drawing. This includes such things as sheet layout, proper use of instruments, proportion, and printing. In so far as possible, the pupils are drawing the same things that they are making in Manual Training. The eighth grade classes are devoting their time to the making of three view working drawings which are to be used in our own Manual Training shop.

As a contribution to our athletic equipment, the boys

this year have made basketball backboards, a tackling dummy, and hockey goals for the athletic field. Our Mechanical Drawing equipment has been greatly improved by the addition of twenty new drawing boards made by the boys.

The Manual Training shop in the Junior High School where the pupils carry out the projects mentioned, is very well equipped with necessary machinery and tools. However, the addition of a new power grinder to keep the tools in good condition would aid the boys in their work. Also an increase in the supply of hand tools would be of benefit to all the boys and would thus better enable them to carry out the aims of Manual Training in the Junior High School.

Respectfully submitted,
JOHN F. ROGERS.

REPORT OF THE SUPERVISOR OF ATTENDANCE FROM JANUARY FIRST, 1930 TO DECEMBER 31, 1930 TO THE SUPERINTENDENT OF SCHOOLS

Dear Sir:

Number of visits to schools	129
Number of absentees reported	45
Number of House visits	31
Number of investigations at schools	30
Number of pupils kept home by parents	18
Number of absentees found to be ill	15
Number of absentees found to be truants	9
Number of truants delivered to schools	13

Respectfully submitted,
RUSS W. HARDING,
Attendance Officer, and
BERNARD W. McCABE,
Acting Attendance Officer.

FRANKLIN TOWN RECORDS
FOR THE YEAR 1930

WARRANT FOR THE ANNUAL TOWN MEETING

February 11, 1930

COMMONWEALTH OF MASSACHUSETTS

Norfolk, ss.

To either of the Constables of the Town of Franklin in the County of Norfolk,

Greeting:

You are hereby required in the name of the Commonwealth of Massachusetts to notify and warn the qualified voters of the said Town of Franklin to assemble in their Town Hall, on Tuesday, the Eleventh day of February, A. D. 1930, it being the second Tuesday in said February, at six o'clock in the forenoon, then and there to act on the following articles, viz:—

Article 1. To choose by ballot the following Town officers, viz:—A Moderator, three Selectmen, a Town Clerk, a Town Treasurer, a Collector of Taxes, an Auditor, three members of the Board of Public Welfare, a Tree Warden, three Constables, all for the term of one year; one Assessor of Taxes for the term of three years, one member of the Board of Health for the term of three years, one member of the School Committee for the term of three years, one member of the Water and Sewer Commissioners for the term of three years, two members of the Town Planning Board for the term of three years, one member of the Town Planning Board for the term of two years, one member of the Town Planning Board for the term of one year.

Article 2. To choose all other necessary Town Officers.

Article 3. To see if the Town will authorize the Treasurer, with the approval of the Selectmen, to borrow during the current municipal year, beginning January 1st, 1930, in anticipation of the revenue for said year, such sums of money as may be necessary to meet the

current expenses of the Town, giving a note or notes in the name of the Town.

Article 4. To hear a report of the Town Officers and Committees and act thereon.

Article 5. To see what sum of money the Town will appropriate and raise for the following purposes, to wit:

1. For General Government, including the compensation and expense of the Selectmen, Auditor, Collector of Taxes, Assessors of Taxes, Town Clerk, also for Elections and Registrations, Town Hall and other Finance Accounts.
2. For Protection of Persons and Property, including the Payment of Police and Suppression of Illegal Liquor Traffic, Support of the Fire Department, Sealing of Weights and Measures, Extermination of Gypsy Moths, Etc., Trimming of Shade Trees and Forest Fires.
3. For Health and Sanitation, including expenses of the Board of Health, Inspection of School Children, Inspection of Animals, Inspection of Meats and Provisions, construction and maintenance of Sewers and Sewer Beds.
4. For Highways and Bridges, including construction and repairs of Roads, Bridges, Street Lighting, Street Sprinkling, and all other highway expenses.
5. For Public Charities, including compensation and expenses of the Board of Public Welfare, expenses at the Almshouse, and for aid to Outside Poor.
6. For Soldier's Benefits, including State Aid, Soldiers' Relief and Soldiers' Burials.
7. For Education, including all the expenses of the School Committee.
8. For the Franklin Public Library.
9. For the Improvement of the Commons.
10. For unclassified Accounts, including the Decoration of Soldiers' Graves, Printing of the Town Report.
11. For the Maintenance and Operation of the Water Department, including the compensation

of the Water Commissioners.

12. For the Payment of Interest on Town Debts.

13. For the Payment of Municipal Indebtedness.

Article 6. To see if the Town will vote to transfer the amount of \$1,478.83 in the Overlay Reserve Fund — same being the balance of 1927 and 1928 Overlays after settlements of all abatements — to a Special Reserve Fund to be used for extraordinary or unforeseen expenses.

Article 7. To see if the Town will vote to use the interest of the Lucretia Pond Fund not otherwise provided for, for the care of Town Cemeteries, to be expended under the direction of the Selectmen.

Article 8. To see if the Town will vote to appropriate the Dog License money received for the present year, for the support of Schools or the Public Library.

Article 9. To see if the Town will raise and appropriate the sum of \$200. for the care and improvement of the Union Street Cemetery, to be expended under the direction of the Selectmen.

Article 10. To see what action the Town will take relative to joining with the Massachusetts Department of Public Works and the Norfolk County Commissioners in the repair and improvement of Oak and Pond Streets; appropriate and raise the sum of \$6,000. therefor, or do anything relating thereto.

Article 11. To see if the Town will raise and appropriate the sum of \$2500. to be expended by the Selectmen in the construction of granolithic sidewalks, in whole or in part as abutters may contribute a like amount, or do anything relating thereto.

Article 12. To see if the Town will adopt the provisions of Chapter 40, Section 9-A., of the General Laws of the Commonwealth of Massachusetts; and appropriate the sum of three hundred dollars to carry out the provisions therein stated; or take any action relating thereto.

Article 13. To see if the Town will adopt the recom-

mendation of the Town Planning Board with regard to the income of the Fletcher Fund.

Article 14. To see if the Town will adopt the Zoning Plan and Zoning Regulations as recommended by the Town Planning Board.

Article 15. To see if the Town will raise and appropriate the sum of \$6,000. to be expended under the direction of the Selectmen for the purpose of purchasing a Shovel for the Highway Department or do anything relating thereto.

Article 16. To see what action the Town will take relative to joining with the Massachusetts Department of Public Works and the Norfolk County Commissioners in the repair and improvement of Summer Street; appropriate and raise the sum of \$4,000. therefor, or do anything relating thereto.

Article 17. To see if the Town will vote to elect its Selectmen at the annual Town Meeting for 1931 in the following manner, viz: One for the term of one year, one for the term of two years, and one for the term of three years, and at each annual Town Meeting thereafter one Selectman for the term of three years.

Article 18. To see if the Town will raise and appropriate the sum of \$3,217.49 to balance the accounts overdrawn as follows: — Tarvia, \$624.58; Sidewalks, \$942.99; Police, \$453.42; Interest, \$391.58; Soldiers' Benefits, \$191.00; Weights and Measures, \$16.28; Common, \$597.64.

Article 19. To see if the Town will vote to fix the salary of the Town Treasurer at \$1500. a year, or do anything relating thereto.

Article 20. To see if the Town will vote to appropriate and raise money to install two ornamental lights on Main Street, in front of the Congregational Church, or do anything relating thereto.

Article 21. To see if the Town will vote to raise and appropriate the sum of \$2000. to remodel the Town Barn

on East Street, or do anything relating thereto.

Article 22. To see if the Town will vote to accept the offer of Mrs. Edith Ray for use of the vacant lot at corner of Main and Emmons street for a park and to authorize the Selectmen to grade the lot, to raise and appropriate the sum of one hundred dollars therefor, or do anything relating thereto.

Article 23. To see if the Town will vote to authorize the appointment of a Playground and Recreation Committee to consist of five members; — one of whom shall be appointed by the Selectmen, one by the School Committee, these two to appoint the remaining three.

Article 24. To see if the Town will raise and appropriate the sum of \$600. for supervision of playground, to be expended under direction of Playground and Recreation Committee, or do anything relating thereto.

Article 25. To see if the Town will vote to raise and appropriate the sum of \$500. from the income of the Fletcher Fund for the purchase of equipment for playground, to be expended under the direction of Playground and Recreation Committee, or do anything relating thereto.

Article 26. To see if the Town will vote to accept as a public way the private way commonly known as Gallison Street as laid out by the Selectmen, or do anything relating thereto.

Article 27. To see if the Town will vote to appropriate from the income of the Fletcher Fund the sum of \$360. to pay for planting of shrubbery around the World War Memorial on the Common, or do anything relating thereto.

Article 28. To see if the Town will vote to raise and appropriate the sum of \$75. for the payment of unpaid bills of the World War Memorial Committee, or do anything relating thereto.

Article 29. To see if the Town will vote to raise and

appropriate money to install one light on North Park Street between Wachussetts Street and John Ingalls' house, or do anything relating thereto.

Article 30. To see if the Town will vote to raise and appropriate money to install thirty street lights on Union Street, from King Street to Swanson Place, or do anything relating thereto.

Article 31. To see if the Town will vote to raise and appropriate money to install twenty-one lights on King and Washington Streets, between Forest and Spring Streets, or do anything relating thereto.

Article 32. To see what action, if any, the inhabitants of the Town of Franklin will take about lighting Pond Street from West Central to Oak Streets.

Article 33. To see what action, if any, the inhabitants of the Town of Franklin will take about improving Pond Street from West Central to Oak Streets.

Article 34. To see if the Town will vote to construct one Mile of highway starting from Mr. Eida's residence on Daniels Street, continuing along said Daniels Street, and Miller Street to the State road on Pleasant Street, and to raise and appropriate the sum of \$3000. therefor, or do anything relating thereto.

Article 35. To see if the Town will vote to raise and appropriate the sum of \$1000. for the purpose of extending the improvements begun in 1928 on the South end of Maple Street, along said Street to a point opposite the residence of Hubert H. Gates, so that the new road shall be equally good in every respect to that which is already done; or do anything relating thereto.

Article 36. To see what action, if any, the inhabitants

of the Town of Franklin will take about accepting the private street known as Cook Street, running from Lewis to Hill Avenue, or do anything relating thereto.

Article 37. To see what action, if any, the inhabitants of the Town of Franklin will take about accepting the private street known as Hill Avenue, running from Cook Street to Keough Street.

Article 38. To see what action, if any, the inhabitants of the Town of Franklin will take about accepting the private street known as Keough Street running from Hill Avenue to Lewis Street.

Article 39. To see if the Town will vote to accept as a public way the way known as Alpine Row extending from Alpine Place to land of A. H. Morse estate near Sim's shop lot; same to be laid out by the Selectmen, or do anything relating thereto.

Article 40. To see if the Town will vote to raise and appropriate money to install seven ornamental street lights on Main and East Central Street, or do anything relating thereto.

Article 41. To see if the Town will vote to appoint a Committee to devise a public parking ground and report at the next annual Town meeting, or do anything relating thereto.

Article 42. To see if the Town will vote to raise and appropriate the sum of eight hundred and forty-two dollars (\$842.) to pay land damages caused by relocating Oak and Pond Streets, or do anything relating thereto.

Article 43. To see if the Town will vote to raise and appropriate the sum of one thousand five hundred eighty-

eight (\$1,588.) to pay land damages caused by relocating East Central Street, or do anything relating thereto.

Article 44. To see if the Town will vote to raise and appropriate money to install one street light on Thayer Street, or do anything relating thereto.

Article 45. To see if the Town will vote to accept as a public street the private way known as Moore Avenue, or do anything relating thereto.

Article 46. To see if the Town will vote to accept as a public street the private way known as Anthony Street, or do anything relating thereto.

Article 47. To see if the Town will vote to accept and extend Alpine Place southerly 250 feet to the land of Angelo Bonifazi, or do anything relating thereto.

Article 48. To see if the Town will vote to accept the building laws as submitted by the Building Committee, to raise and appropriate money for printing them, or do anything relating thereto.

Article 49. To see if the Town will vote to appoint a committee to investigate the advisability of appointing a Plumbing Inspector and report at the next annual Town meeting, or do anything relating thereto.

Article 50. To see if the Town will vote to appoint a committee to investigate the advisability of appointing a Wiring Inspector and report at the next annual Town meeting, or do anything relating thereto.

And you are directed to serve this warrant by posting attested copies thereof, seven days at least before the time of meeting as directed by the vote of the Town.

Hereof fail not and make due return of this warrant, with your doings thereon, at the time and place of meeting.

Given under our hands this Twenty-seventh day of January, A. D. 1930.

EDWARD S. COOK,
HARRY J. GEB,
A. HARRY SIMON,
Selectmen of Franklin.

PROCEEDINGS OF THE ANNUAL TOWN MEETING

February 11th, 1930

Pursuant to the foregoing warrant, the inhabitants of the aforesaid Town of Franklin, qualified to vote in Town affairs, met at the Town Hall, in said town, on the second Tuesday of February, it being the eleventh day of said month, A. D. 1930.

The meeting was called to order at the time and place named in said warrant, by Arthur W. Peirce, the Moderator, and at his request the warrant and return thereon was read by the Town Clerk, excepting the articles numbered three to fifty-one, both inclusive.

On January 30, 1930, the Selectmen appointed Louis Vendetti, Owen H. Morrissey, Eva B. Lawrence and M. Lillian Costello as Ballot Clerks. And they were sworn as such by the Town Clerk on the day of said election before receiving ballots, and before the opening of the polls the said clerk delivered them a bundle packed and sealed, as required by law, containing 2800 official ballots, and the receipt of said Ballot Clerks was taken for said ballots in the following form:

Franklin, Mass., February 11, 1930.

Received of Michael J. Costello, Town Clerk of Franklin, a sealed package said to contain 2800 official ballots to be used at the election held in this Town this day.

On January 30, 1930, the Selectmen appointed Harlan R. Mackenzie and Elizabeth T. Connor as checkers and

they were sworn by the Town Clerk before the opening of Polls.

The cards of instructions and specimen ballots were posted in each of the marking shelves or compartments, provided by the Selectmen, and a guard rail was set six feet or more from said marking shelves or compartments, as required by law, and the cards of instructions and specimen ballots were posted outside the guard rail, according to law.

Voted that the polls close at 6 o'clock P. M.

Voted that when this meeting adjourns it be Wednesday, the 5th day of March, at 7:30 P. M. at the High School Gymnasium.

Voted that the meeting proceed to vote and elect officers under Article 1 in the warrant.

The ballot box, provided by the Secretary of the Commonwealth, used at the election, was publicly opened and shown to be empty, and was examined by the Moderator and Town Clerk, and found to be empty, and the register thereon was set at 000, and then locked and the key given to officer Freeman G. Knowlton, and the polls were declared open.

When the ballots were delivered to the voters by the Ballot Clerks, the check list was used, and the name of each voter receiving a ballot was announced and checked thereon by the Ballot Clerks; and the voter so receiving his ballot marked it at the marking shelf or compartment, and then deposited his ballot in the box, as directed by the Moderator. The name of each voter so casting a ballot was announced in a loud and distinct tone of voice and checked up on the check-list by the election officers in charge at said box and list.

On January 30, 1930, the Selectmen appointed William S. Johnson, Thomas F. Keefe, Ruth W. Hamant and Ann E. Donahue as Tellers and they were sworn by the Town Clerk on the day of election.

At 8:05 o'clock A. M., by unanimous consent of the election officers, the ballots were then taken from the box, which registered 263, and the counting of the ballots then commenced, and in said box there were found to be 263 ballots.

The polls were closed at 6 o'clock P. M. Then the register on the ballot box showed that 1981 ballots had been cast therein, and the names checked on each voting list were then counted by the election officers in a distinct and audible voice, and the number checked was 1981, which was announced.

All the ballots cast by the voters as aforesaid were sorted, counted and declaration thereof made by the Town Clerk in open meeting, as follows, viz:—

FOR MODERATOR

Arthur W. Peirce, Nom. Papers	
Had Twelve hundred ninety-five	1295
Blanks, Six hundred eighty-six	686

And the said Arthur W. Peirce was declared elected and he was sworn by the Town Clerk in open town meeting.

And the said John W. Stobbart was declared elected and he was sworn by the Town Clerk Feb. 13.

Whole number of votes cast was 1981. Men 1190. Women 791.

After the declaration of the vote, as aforesaid, all the ballots cast at said election were enclosed in a package, and all the ballots not cast were enclosed in a package, and the voting lists used at said election were enclosed in an envelope, and each package and envelope were sealed and endorsed by the election officers, according to law.

Article 2. Voted that the remaining Town Officers be appointed by the Selectmen.

Article 3. Voted that the Town Treasurer, with the approval of the Selectmen, be, and hereby is authorized to borrow money from time to time, in anticipation of the revenue of the financial year, beginning January 1, 1930, and to issue a note or notes therefor, payable in one year, any debt or debts incurred under this vote to be paid from the revenue of said financial year.

And on motion at 7:45 P. M. the meeting was adjourned to Wednesday, March 5th, 1930, at 7:30 P. M. at High School Gymnasium.

A true record.

Attest:—

MICHAEL J. COSTELLO,

Town Clerk.

PROCEEDINGS OF THE ADJOURNED ANNUAL TOWN MEETING

March 5, 1930

At a meeting of the Inhabitants of the Town of Franklin, qualified to vote in Town affairs, held in the High School Building in said Town on Wednesday, the 5th day of March, 1930, pursuant to the adjournment made on the 11th day of February, the Moderator, Arthur W. Peirce, called the meeting to order at 7:30 o'clock in the evening and the business proceeded as follows, viz:—

In Memoriam

Bradley M. Rockwood

By a rising vote, the following was voted:

The Voters of Franklin, in Town Meeting assembled, desire to place on record their appreciation of the long and faithful service given to town affairs by the late Bradley M. Rockwood.

Born and bred in Franklin and living here all his life, he had given a large measure of thought and care to the interests of the town. He was a careful student of town problems, well versed in municipal procedure, broad in his interests, fair in his judgments, a man of ideas and vision. As Water Commissioner, Moderator and in other town offices, he gave the fruit of these fine qualities to the loyal service of the interests of Franklin.

In his death, the town has suffered a great loss. We shall miss him in the carrying on of our municipal affairs, but express our deep appreciation of all he has done for his native town.

COMMITTEE TO INVESTIGATE AND REPORT
ON TOWN MANAGEMENT

Alfred W. Dana (Chairman), Carl H. Carlson, George
H. Staples, Joseph P. Cataldo, Eugene F. Sullivan.

COMMITTEE ON PUBLIC PARKING GROUND

Albert C. Mason Charles H. Lawrence John M. Crowley

And on motion at 9.20 P. M. the meeting was ad-
journed.

WARRANT FOR SPECIAL TOWN MEETING

July 15, 1930

COMMONWEALTH OF MASSACHUSETTS

Norfolk, ss.

To either of the Constables of the Town of Franklin,
in the County of Norfolk,

Greeting:

You are hereby required in the name of the Commonwealth of Massachusetts, to notify and warn the qualified voters of said Town of Franklin, to assemble in the Town Hall, on Tuesday, the fifteenth day of July, A. D. 1930, at seven-thirty o'clock in the evening, then and there to act upon the following articles, viz:—

Article 1. To see if the Town will authorize the Treasurer, with the approval of the Selectmen, to borrow during the current municipal year, beginning January 1st, 1930, in anticipation of revenue for said year, such sums of money as may be necessary to meet the added expenses of the Town, giving a note or notes in the name of the Town.

Article 2. To see if the Town will vote to raise and appropriate the sum of \$10,000. for use of the highway Department to help relieve the unemployment situation in the Town, or do anything relating thereto.

Article 3. To see if the Town will vote to raise and appropriate the sum of \$1,000. for Soldiers' Benefits, or do anything relating thereto.

Article 4. To see if the Town will vote to raise and

appropriate the sum of \$6,000. for the Welfare Department, or do anything relating thereto.

And you are directed to serve this warrant by posting attested copies thereof, seven days at least before the time and place of meeting as directed by the vote of the Town.

Hereof fail not and make due return of this warrant, with your doings thereon, at the place of meeting.

Given under our hands this second day of July, A. D. 1930.

EDWARD S. COOK,
HARRY J. GEB,
A. H. SIMON,

Selectmen of Franklin.

Franklin, Mass., July 7, 1930.

By virtue of the within warrant, I have notified and warned the inhabitants of the Town of Franklin, herein described, to assemble in their Town Hall, on Tuesday, the fifteenth day of July, A. D. 1930, at seven-thirty o'clock in the evening, for the purpose within mentioned, by posting attested copies of the within warrant in each of the Post Offices of the Town and in ten other public places, in compliance with Section Two of Article One of the By-Laws of the Town of Franklin.

FREEMAN G. KNOWLTON,

Constable of Franklin.

A true record of the warrant and return thereon.

Attest:—

MICHAEL J. COSTELLO,
Town Clerk.

PROCEEDINGS OF SPECIAL TOWN MEETING

July 15, 1930

Pursuant to the foregoing warrant, the inhabitants of the Town of Franklin, qualified to vote in Town affairs, met at the Town Hall in said town, on July 15, 1930.

Owing to the absence of the Moderator the meeting was called to order by Michael J. Costello, Town Clerk.

Eugene F. Sullivan was chosen Moderator Pro Tem and he was sworn as such by the Town Clerk in open Town Meeting.

Thomas F. Keefe and Fred E. Mason were appointed tellers and they were sworn by the Town Clerk, and they did ascertain that there were 100 voters present.

At the request of the Moderator the Town Clerk read the warrant and return thereon and the meeting proceeded as follows:—

Article 1. Voted that the Treasurer, with the approval of the Selectmen, borrow during the municipal year, beginning Jan. 1, 1930, in anticipation of the revenue for said year, such sums of money as may be necessary to meet the added expenses of the Town, giving a note or notes in the name of the Town.

Article 2. Voted unanimously that the Town raise and appropriate the sum of \$13,500 for the use of the Highway Department to help relieve the unemployment situation in the Town.

Article 3. Voted unanimously that the Town raise and

appropriate the sum of \$1,000 for Soldiers' Benefits, including State Aid, Soldiers' Burials and Soldiers' Relief.

Article 4. Voted unanimously that the Town raise and appropriate the sum of \$6,000 for Public Charities, including compensation and expenses of the Department of Public Welfare, expenses of the Almshouse, and aid to Outside Poor.

• And on motion at 7.45 the meeting was adjourned.

A true copy.

Attest:—

MICHAEL J. COSTELLO,

Town Clerk.

WARRANT FOR THE STATE PRIMARY

The Commonwealth of Massachusetts

Norfolk, ss.

To either of the Constables of the Town of Franklin,

Greeting:

In the name of the Commonwealth you are hereby required to notify and warn the inhabitants of said town who are qualified to vote in Primaries to meet in Town Hall

Tuesday, the Sixteenth Day of September, 1930

at 4 to 8 o'clock P. M., for the following purposes:

To bring in their votes to the Primary Officers for the

Nomination of Candidates of Political Parties for the following offices :

Governor for this Commonwealth.

Lieutenant Governor for this Commonwealth.

Secretary of the Commonwealth for this Commonwealth.

Treasurer and Receiver-General for this Commonwealth.

Auditor of the Commonwealth for this Commonwealth.

Attorney General for this Commonwealth.

Senator in Congress for this Commonwealth.

Representative in Congress for 13th Congressional district.

Councillor for 7th Councillor District.

Senator for 4th Senatorial District.

1 Representative in General Court for 11th Representative District.

District Attorney for Southeastern District.

Register of Probate and Insolvency for Norfolk County.

County Commissioner for Norfolk County.

Associate County Commissioners (2) for Norfolk County.

County Treasurer for Norfolk County.

And for the Election of the following officers :

DISTRICT MEMBER OF STATE COMMITTEE
for each political party for the 4th Senatorial District.

15 MEMBERS OF THE REPUBLICAN TOWN
COMMITTEE.

10 MEMBERS OF THE DEMOCRATIC TOWN
COMMITTEE.

5 DELEGATES TO STATE CONVENTIONS OF
THE REPUBLICAN PARTY.

10 DELEGATES TO STATE CONVENTIONS OF
THE DEMOCRATIC PARTY.

All the above candidates and officers are to be voted
for upon one ballot.

The polls will be open from 4 to 8 P. M.

And you are directed to serve this warrant by posting
attested copies thereof 7 days at least before the time of
said meetings as directed by vote of the town.

Hereof fail not and make return of this warrant with
your doings thereon at the time and place of said meet-
ing.

Given under our hands this 4th day of September,
A. D. 1930.

EDWARD S. COOK,
HARRY J. GEB,
A. HARRY SIMON,

Selectmen of Franklin.

Franklin, Mass., Sept. 9, 1930.

By virtue of the within warrant, I have notified and warned the inhabitants of the Town of Franklin, herein described, to assemble in Town Hall on Tuesday, the 16th day of September, 1930, at 4.00 o'clock P. M., for the purposes within mentioned, by posting attested copies of the within warrant in each of the Post Offices of the Town and in ten other public places, seven days before the day of meeting, in compliance with Section 2 of Article 1 of the By-Laws of the Town of Franklin.

FREEMAN G. KNOWLTON,

Constable of Franklin.

PROCEEDINGS OF THE STATE PRIMARY

Sept. 16, A. D. 1930

COMMONWEALTH OF MASSACHUSETTS

Norfolk, ss.

At a legal meeting of the inhabitants of the Town of Franklin, qualified to vote in Primaries, for the nomination of candidates for political parties in accordance with the foregoing warrant held in this town, Sept. 16, 1930.

The meeting was called to order at 4.00 o'clock P. M. by Edward S. Cook, Selectman, and the warrant and the return thereon were read by the Town Clerk.

On Aug. 28, 1930, the Selectmen appointed Francis L. Cody, William S. Johnson, Anne E. Donahue and Florence H. Enegren as Tellers; William R. Smith and Mary

A. Donnelly as Checkers; Lawrence A. Reardon and Carl F. Swanbeck as Ballot Clerks, and they were sworn as such by the Town Clerk. Patrick Casey was sworn as Election Officer.

Thirty voting compartments were provided by the Town, according to law, and a guard rail was erected six feet or more from said compartments. The cards of instructions and specimen ballots were posted according to law. One box of official ballots said to contain 2245 Republican and 1225 Democratic ballots were delivered by the Town Clerk to Edward S. Cook, Selectman, and his receipt taken therefor in the following form:

Franklin, Mass., Sept. 14, 1930.

Received from Michael J. Costello, Town Clerk of Franklin, one box said to contain 2245 Republican and 1225 Democratic ballots, to be used at the Primary held in this Town this day.

EDWARD S. COOK,
Selectman.

The official ballot box was publicly opened and shown to be empty, and was examined by the Selectmen and Town Clerk and found to be empty, and the register thereon was set at 000 and then locked, and the key thereof given to Officer Patrick Casey.

The seals of the ballots were broken by Edward S. Cook, Selectman, who delivered the ballots to the Ballot Clerks, after which the polls were declared open.

The ballots were given to each voter by the Ballot Clerks after the name of such voter and the political party to which he had registered, or wished to be registered, had been publicly announced.

The ballot so delivered to each voter was by him marked in one of the voting compartments, and there-

after deposited by such voter in said ballot box, after his name had been publicly announced and duly checked upon the voting list.

The polls were closed at eight o'clock P. M., due notice having been given, when the register on the ballot box showed 401 ballots therein, and upon complete count of all the ballots cast therein it was found that there were 401 ballots cast into said box and canceled thereby.

The whole number of ballots delivered to voters by the Ballot Clerks was 401.

The names checked upon the voting lists used as aforesaid were counted audibly in presence of election officers and the public, and the two check-lists used each showed 401 names checked thereon.

The check-lists used as aforesaid by the presiding officers and the Ballot Clerks were furnished by the Registrars of Voters for the purpose of said nomination and election.

After the completion of the canvass of all votes and the whole number duly sorted, counted, and recorded, declaration thereof was made according to law, in open Town Meeting, as follows, viz:

Republican Party Nominations

FOR GOVERNOR

All the ballots not distributed to voters were enclosed in a package and sealed, the Selectmen certified thereon that said package contained such undistributed ballots and check-lists were placed in the custody of the Town Clerk.

And on motion at 10.10 P. M. the meeting was dissolved.

A true record.

Attest:

MICHAEL J. COSTELLO,
Town Clerk.

Franklin, Mass.
Sept. 26, 1930.

M. J. Costello, Town Clerk,

Dear Sir:—

At a meeting of the Town Finance Committee held this evening the following vote was passed.

Voted to authorize the Town auditor to transfer the sum of nine hundred dollars (\$900.) from the Special Reserve Fund established by vote of the Town, March 5, 1930 to meet additional expenses of the Forest Fire Department during the current year.

Respectfully,
W. S. JOHNSON,
Clerk, Finance Committee.

WARRANT FOR STATE ELECTION

Tuesday, November 4, 1930.

COMMONWEALTH OF MASSACHUSETTS
Norfolk, ss.

To either of the constables of the Town of Franklin, in said County of Norfolk:

You are hereby required in the name of the Commonwealth of Massachusetts, to notify and warn the qualified voters of the Town of Franklin to assemble in their Town Hall, on Tuesday, the Fourth Day of November, 1930, it being the Tuesday after the first Monday of said November, at six o'clock in the forenoon, then and there to bring in their votes upon one ballot for the election of a Governor; Lieutenant Governor; Secretary; Treasurer; Auditor; Attorney General; Senator in Congress; Congressman; Councillor; Senator; Representative in General Court (1); District Attorney; Register of Probate and Insolvency; County Commissioner; Associate County Commissioners (2); County Treasurer; and also upon the same ballot to vote upon the following

QUESTIONS:

Acceptance of the following "PROPOSED AMENDMENT TO THE CONSTITUTION."

Question No. 1

Article XXI of the Articles of Amendment is hereby annulled and the following is adopted in place thereof:

Article XXI. In the year nineteen hundred and thirty-five and every tenth year thereafter a census of the inhabitants of each city and town shall be taken and a special enumeration shall be made of the legal voters therein. Said special enumeration shall also specify the

number of legal voters residing in each precinct of each precinct of each town containing twelve thousand or more inhabitants according to said census and in each ward of each city. Each special enumeration shall be the basis for determining the representative districts for the ten year period beginning with the first Wednesday in the fourth January following said special enumeration; provided, that such districts as established in the year nineteen hundred and twenty-six shall continue in effect until the first Wednesday in January in the year nineteen hundred and thirty-nine.

The house of representatives shall consist of two hundred and forty members, which shall be apportioned by the general court, at its first regular session after the return of each special enumeration, to the several counties of the commonwealth, equally, as nearly as may be, according to their relative numbers of legal voters, as ascertained by said special enumeration; and the town of Cohasset, in the county of Norfolk, shall, for this purpose, as well as in the formation of districts as hereinafter provided, be considered a part of the county of Plymouth; and it shall be the duty of the secretary of the commonwealth to certify, as soon as may be after it is determined by the general court, the number of representatives to which each county shall be entitled, to the board authorized to divide such county into representative districts. The county commissioners or other body acting as such or, in lieu thereof, such board of special commissioners in each county as may for that purpose be provided by law, shall, within thirty days after such certification by the secretary of the commonwealth or within such other period as the general court may by law provide, assemble at a shire town of their respective counties, and proceed, as soon as may be, to divide the same into representative districts of contiguous territory and assign representatives thereto, so that each representative in such county will represent an equal number of legal voters, as nearly as may be; and such districts shall be so formed that no town containing less than twelve thousand inhabitants according to said census, no precinct of any other town and no ward of a city shall be divided therefor, nor shall any district

be made which shall be entitled to elect more than representatives. The general court may by law limit the time within which judicial proceedings may be instituted calling in question any such apportionment, division or assignment. Every representative, for one year at least immediately preceding his election, shall have been an inhabitant of the district for which he is chosen, and shall cease to represent such district when he shall cease to be an inhabitant of the commonwealth. The districts in each county shall be numbered by the board creating the same, and a description of each, with the numbers thereof and the number of legal voters therein, shall be returned by the board, to the secretary of the commonwealth, the county treasurer of such county, and to the clerk of every city or town in such county, to be filed and kept in their respective offices. The manner of calling and conducting the elections for the choice of representatives, and of ascertaining their election, shall be prescribed by law.

Article XXII of the articles of amendment is hereby annulled and the following is adopted in place thereof:

Article XXII. Each special enumeration of legal voters required in the preceding article of amendment shall likewise be the basis for determining the senatorial districts and also the councillor districts for the ten year period beginning with the first Wednesday in the fourth January following such enumeration; provided, that, such districts as established in the year nineteen hundred and twenty-six shall continue in effect until the first Wednesday in January in the year nineteen hundred and thirty-nine. The senate shall consist of forty members. The general court shall, at its first regular session after the return of each special enumeration, divide the commonwealth into forty districts of contiguous territory, each district to contain as nearly as may be, an equal number of legal voters, according to said special enumeration; provided, however, that no town or ward of a city shall be divided therefor; and such districts shall be formed, as nearly as may be, without uniting two counties, or parts of two or more counties into one district. The general court may by law limit the time within which judicial proceedings may be in-

stituted calling in question such division. Each district shall elect one senator, who shall have been an inhabitant of this commonwealth five years at least immediately preceding his election, and at the time of his election shall be an inhabitant of the district for which he is chosen; and he shall cease to represent such senatorial district when he shall cease to be an inhabitant of the commonwealth.

**Acceptance of the following "LAWS PROPOSED BY
INITIATIVE PETITION."**

Question No. 2

"An act to repeal section two A of chapter one hundred and thirty-eight of the General Laws, inserted by chapter three hundred and seventy of the acts of nineteen hundred and twenty-three."

Question No. 3

"An Act to amend chapter one hundred and thirty-one of the General Laws."

The polls will be open from six o'clock in the forenoon and may close at 10 A. M.

And you are hereby directed to serve this warrant by posting attested copies thereof, seven days at least before the time of said meeting as directed by vote of the Town.

Hereof fail not and make due return of this warrant, with your doings thereon to the Selectmen, on or before the said day and hour.

Given under our hands and the seal of the Town of Franklin, this Twenty-Third Day of October, A. D. 1930.

EDWARD S. COOK,
HARRY J. GEB,
A. HARRY SIMON.

Selectmen of Franklin.

Franklin, Mass., October 27, 1930.

By virtue of the within warrant I have notified and warned the inhabitants of the Town of Franklin, herein

described, to assemble in Town Hall, in said Town of Franklin, on Tuesday, the Fourth day of November, A. D. 1930, at six o'clock in the forenoon for the purpose herein mentioned, by posting attested copies of the within warrant in each of the Post Offices of said Town, and in ten other public places, seven days before the day of meeting, in compliance with Section 2 of Article One of the By-Laws of the Town of Franklin.

FREEMAN G. KNOWLTON,
Constable of Franklin.

A true record of the Warrant and return thereon.
Attest:

MICHAEL J. COSTELLO,
Town Clerk.

On October 23, Eva B. Lawrence, M. Lillian Costello, Owen H. Morrissey and Joseph W. Burnham were appointed Ballot Clerks by the Selectmen, and they were sworn as such by the Town Clerk before the opening of the Polls, Eugene F. Sullivan and Joseph E. Denton were appointed Police.

The cards of instruction were posted in each of the marking shelves or compartments, provided by the Selectmen, and a guard rail was set six feet or more from said shelves or compartments, as required by law, and the cards of instructions and specimen ballots were posted outside the guard rail, according to law.

The Ballots for said election provided by the Secretary of the Commonwealth were before the opening of the polls on said day, delivered by the Town Clerk, sealed, to the Selectmen and receipt taken therefore in the following form, Viz:—

Franklin, Mass., November 4th, 1930.

Received from Michael J. Costello, Town Clerk of Franklin, Mass., a box said to contain 3754 official ballots for use at the election held in said town this day.

HARRY J. GEB,
Selectman of Franklin.

The ballot box, provided by the Secretary of the Commonwealth used at the election, was publicly opened before the opening of the polls and shown to be empty, and was examined by the Selectmen and Town Clerk and found to be empty, and the register thereon was set at 000 and then locked and the key thereof given to Officer Freeman G. Knowlton, and the polls were declared open.

The seal of the package, containing the first set of ballots, was then broken by Harry J. Geb of the Board of Selectmen, who delivered the same to the Ballot Clerks, and the cards of instruction and specimen ballots were posted in the marking shelves or compartments, and about the room outside the guard rail, as required by law.

The ballots were delivered to each voter by the Ballot Clerks, after the name of such voter had first been publicly announced and checked by said clerks upon the voting lists used by them.

The ballots delivered to each voter was by them marked in one of the said voting compartments and thereafter deposited by such voter in said ballot box, after their name had first been publicly announced at said box and duly checked upon the voting list by the election officer in charge of said box and list.

On October 23, the Selectmen appointed William S. Johnson, Thomas F. Keefe, Mary W. Healey, James N. Blanchard, Anne Donahue, Florence Enegren, John M. Riley and Robert Circone as Tellers and Harlan Mackenzie and Elizabeth Connors as Checkers and they were sworn as such by the Town Clerk.

At 7:40 o'clock A. M. by unanimous consent of the election officers, the ballots were removed from said box for the purpose of counting, when the register upon said box showed 200 ballots cast, and upon a complete count by the said tellers of all the ballots removed from said box, it was found that there were 200 ballots cast therein.

The polls were closed at 6:30 o'clock in the afternoon; due notice having been made, when the register on the ballot box showed 1982 ballots cast therein, and upon a complete count of all ballots cast therein it was found that there were 1875 ballots cast into said box and cancelled thereby. The whole number of ballots delivered to the voters by the ballot clerks was 1975. There were 7 A. V. ballots checked and deposited according to law. The ballots were divided into blocks and each block was canvassed and the total results of said canvass were recorded on the blank forms provided for that purpose. The names checked upon the voting list were then counted in a distinct and audible voice in the presence of the election officers and the public and the checked slips used showed 1975 names checked thereon. The checked lists used by the presiding officers and ballot clerks, were furnished by the Registrars of voters for the purpose of said election. After the completion of the canvass of all the votes cast, and the whole number duly sorted, counted and recorded, declaration thereof was made, in open town meeting, as follows, viz:

No: Two hundred thirty-two	232
Blanks: Eleven hundred twenty-four	1124

LAW PROPOSED BY INITIATIVE PETITION

Question No. 2

Yes: Ten hundred	1000
No: Six hundred forty-five	645
Blanks: Three hundred thirty	330

LAW PROPOSED BY INITIATIVE PETITION

Question No. 3

Yes: Seven hundred sixty-seven	767
No: Six hundred and three	603
Blanks: Six hundred and five	605

The total number of votes cast

Was Nineteen hundred seventy-five	1975
Men Eleven hundred sixty-four	1164
Women: Eight hundred eleven	811

After the declaration of the vote, as aforesaid, all the ballots cast into said ballot box by the voters were duly sealed and certified to thereon by a majority of the election officers for said town and delivered into the custody of the Town Clerk.

The voting lists used at said election were enclosed in an envelope and sealed, and a majority of the election officers certified thereon to the identity of the voting lists so sealed.

The presiding officer caused all the ballots, which were not distributed to voters, to be enclosed in a box and sealed, and placed thereon his certificate as to the identity of the same.

The presiding officer delivered to the Town Clerk all said ballots cast, all undistributed ballots and voting lists, sealed as aforesaid, together with the ballot box, in accordance with the law in such cases made and provided.

On motion, the meeting was dissolved at 9:30 P. M., November 4th, 1930.

A true record.

Attest:

MICHAEL J. COSTELLO,
Town Clerk.

MEETING OF THE TOWN CLERKS

Of the Eleventh Norfolk Representative District

The Clerks of the Town of Wrentham, Norfolk, Franklin, Foxborough and Plainville, comprising the Norfolk Representative District Number Eleven at their meeting held in the Selectmen's Rooms, in said Franklin, on Friday, the 14th day of November, 1930, it being the tenth day following the day of election, at twelve o'clock noon on said day, made out under their hands the following complete returns of all votes cast for Representative in General Court, in said district, as follows, viz:

Whole number of votes cast, including blanks was Forty nine hundred and four	4904
Francis S. Russell of Plainville, Democratic Had Fourteen hundred seventy-nine	1479
Ernest A. White of Foxborough, Republican Had Thirty-one hundred and five	3105
Blanks Three hundred twenty	320

And did ascertain from the foregoing canvass that Ernest A. White of Foxborough was duly elected, and made certificates of his election, one of which was sent to the Town of Foxborough to be served on said Ernest A. White, and one was sent to the Secretary of State as the law requires.

Witness our hands at Franklin, this 14th day of November, 1930.

GEORGE F. CAMPBELL, Town Clerk of Norfolk.
FRANKLIN A. DUNLAP, Town Clerk of Wrentham.
JOHN W. RICHARDSON, Town Clerk of Foxborough.
ARTHUR W. WASHBURN, Town Clerk of Plainville.
MICHAEL J. COSTELLO, Town Clerk of Franklin.

A true record.

Attest:

MICHAEL J. COSTELLO,
Town Clerk.

Franklin, Mass., November 24th, 1930.

Permission is hereby granted to the Board of Selectmen of the Town of Franklin to install at a suitable depth below the surface owned by Guy W. Miner, Trustee for St. John's Church in said Franklin, a drain pipe for the purpose of carrying off the surface water from Charlotte Street on the northerly side of the above described lot of land to the sewer located under School Street on the southerly side of said lot of land; the said drain pipe to be installed within a strip of said lot of land five feet in width from the westerly bounds of said lots abutting

on the property now or formerly of Walter A. Clark. This permit is revocable upon sixty days notice in writing addressed and mailed to the Board of Selectmen of the Town of Franklin.

The said Board of Selectmen on behalf of the Town of Franklin by acceptance hereof agrees:

First, that whenever it or any of its agents or employees or anyone in its behalf, shall disturb the surface of the above described lot of land for the purpose of laying, operating or maintaining, altering or repairing the said drain pipe or for any other purpose, it will restore the said surface to as good condition as before such disturbance; and Second, that it will save the said Guy W. Miner and his successors and assigns harmless from all other claims of any name or nature arising out of the laying, operating or maintaining, altering or repairing the said drain pipe.

In witness whereof the said Guy W. Miner, Trustee, has hereunto affixed his hand and seal this 24th day of November, 1930. Guy W. Miner, Trustee as aforesaid.

EDWARD S. COOK,

HARRY J. GEB,

A. HARRY SIMON,

Selectmen of Franklin.
